GABELLI GLOBAL DEAL FUND DECLARES FIRST QUARTER DISTRIBUTION OF \$0.32 PER SHARE

Rye, NY -- The Board of Trustees of The Gabelli Global Deal Fund (NYSE:GDL) (the "Fund") declared a \$0.32 per share cash distribution payable on March 24, 2010 to common shareholders of record on March 17, 2010.

Each quarter, the Board of Trustees reviews the amount of any potential distribution and the income, capital gain, or capital available. The Board of Trustees will continue to monitor the Fund's distribution level, taking into consideration the Fund's net asset value and the financial market environment.

The Fund currently intends to make quarterly cash distributions of all or a portion of its investment company taxable income (which includes ordinary income and realized net short-term capital gains) to common shareholders. The Fund also intends to make annual distributions of its realized net long-term capital gains, if any, and may make distributions constituting a return of capital. Various factors will affect the level of the Fund's income, such as its asset mix and use of merger arbitrage strategies. To permit the Fund to maintain more stable distributions, the Fund may from time to time distribute more or less than the entire amount of income earned in a particular period. Because the Fund's current quarterly distributions are subject to modification by the Board of Trustees at any time and the Fund's income will fluctuate, there can be no assurance that the Fund will pay distributions at a particular rate or frequency.

If the Fund does not generate sufficient earnings (dividends and interest income and realized net capital gain) equal to or in excess of the aggregate distributions paid by the Fund in a given year, then the amount distributed in excess of the Fund's earnings would be deemed a non-taxable return of capital.

Short-term capital gains, qualified dividend income, ordinary income, and paid-in capital, if any, will be allocated on a pro-rata basis to all distributions to common shareholders for the year. Based on the accounting records of the Fund as of February 11, 2010, the current distribution would include approximately 8% from net capital gains and 92% from paid-in capital. The estimated components of each distribution are provided to shareholders of record in a

notice accompanying the distribution and are available on our website (www.gabelli.com). The final determination of the sources of all distributions in 2010 will be made after year end and can vary from the quarterly estimates. All shareholders with taxable accounts will receive written notification regarding the components and tax treatment for all 2010 distributions in early 2011 via Form 1099-DIV.

The Gabelli Global Deal Fund is a non-diversified, closed-end management investment company with \$432 million in total net assets whose investment objective is to achieve absolute returns in various market conditions without excessive risk of capital. The Fund is managed by Gabelli Funds, LLC, a subsidiary of GAMCO Investors, Inc. (NYSE:GBL), which is a publicly traded NYSE listed company.
