**GAMCO NATURAL RESOURCES, GOLD & INCOME TRUST
CONTINUES MONTHLY DISTRIBUTIONS,
DECLARING DISTRIBUTIONS OF \$0.07 PER SHARE**

Rye, NY -- The Board of Trustees of the GAMCO Natural Resources, Gold & Income Trust (NYSE:GNT) (the “Fund”) declared monthly cash distributions of \$0.07 per share for each of January, February, and March 2016.

The distribution for January 2016 will be payable on January 22, 2016 to common shareholders of record on January 14, 2016.

The distribution for February 2016 will be payable on February 22, 2016 to common shareholders of record on February 12, 2016.

The distribution for March 2016 will be payable on March 23, 2016 to common shareholders of record on March 16, 2016.

Each quarter, the Board of Trustees reviews the amount of any potential distribution from the income, realized capital gain, or capital available. The Board of Trustees will continue to monitor the Fund’s distribution level, taking into consideration the Fund’s net asset value and the financial market environment. The distribution rate should not be considered the dividend yield or total return on an investment in the Fund.

The Fund makes annual distributions of its realized net long-term capital gains and monthly cash distributions of all or a portion of its investment company taxable income (which includes ordinary income and net realized short-term capital gains) to common shareholders. A portion of the distribution may be a return of capital. Various factors will affect the level of the Fund’s income, such as its asset mix and use of covered call strategies. To permit the Fund to maintain more stable distributions, the Fund may distribute more than the entire amount of income earned in a particular period. Because the Fund’s current monthly distributions are subject to modification by the Board of Trustees at any time and the Fund’s income will fluctuate, there can be no assurance that the Fund will pay distributions at a particular rate or frequency.

If the Fund does not generate sufficient earnings (dividends and interest income and realized net capital gain) equal to or in excess of the aggregate distributions paid by the Fund in a given year, then the amount distributed in excess of the Fund's earnings would be deemed a return of capital. Since this would be considered a return of a portion of a shareholder's original investment, it is generally not taxable and is treated as a reduction in the shareholder's cost basis. Under federal tax regulations, some or all of the return of capital distributed by the Fund may be taxable as ordinary income in certain circumstances. This may occur when the Fund has a capital loss carry forward, net capital gains are realized in a fiscal year, and distributions are made in excess of investment company taxable income.

Short-term capital gains, qualified dividend income, ordinary income, and return of capital, if any, will be allocated on a pro-rata basis to all distributions to common shareholders for the year. Based on the accounting records of the Fund as of November 13, 2015, each of the distributions paid to common shareholders in 2015 would include approximately 2% from net investment income and 98% would be deemed a return of capital on a book basis and does not represent information for tax reporting purposes. The estimated components of each distribution are updated and provided to shareholders of record in a notice accompanying the distribution and are available on our website (www.gabelli.com). The final determination of the sources of all distributions in 2015 will be made after year end and can vary from the monthly estimates. Shareholders should not draw any conclusions about the Fund's investment performance from the amount of the current distribution. All shareholders with taxable accounts will receive written notification regarding the components and tax treatment for all 2015 distributions in early 2016 via Form 1099-DIV.

Investors should carefully consider the investment objectives, risks, charges, and expenses of the Fund before investing. More information regarding the Fund's distribution policy and other information about the Fund is available by calling 800-GABELLI (800-422-3554) or visiting www.gabelli.com.

The GAMCO Natural Resources, Gold & Income Trust is a non-diversified, closed-end management investment company with \$144 million in total net assets whose primary investment objective is to provide a high level of current income from interest, dividends and option premiums. The Fund invests primarily in equity securities of natural resources and gold companies and intends to earn short-term gains from a strategy of writing (selling) primarily covered call options on equity securities in its portfolio. The Fund is managed by Gabelli Funds, LLC, a subsidiary of GAMCO Investors, Inc. (NYSE:GBL).
