GABELLI UTILITY TRUST CONTINUES MONTHLY DISTRIBUTIONS OF \$0.06 PER SHARE

Rye, NY -- The Board of Trustees of The Gabelli Utility Trust (NYSE:GUT) (the "Fund") approved the continuation of monthly cash distributions of \$0.06 per share for July, August, and September 2008.

The distribution for July 2008 will be payable on July 25, 2008 to common shareholders of record on July 17, 2008.

The distribution for August 2008 will be payable on August 25, 2008 to common shareholders of record on August 15, 2008.

The distribution for September 2008 will be payable on September 24, 2008 to common shareholders of record on September 16, 2008.

Under the Fund's distribution policy, the Fund pays a distribution of \$0.06 per share each month and, if necessary, an adjusting distribution in December which includes any additional income and net realized capital gains in excess of the monthly distributions for that year to satisfy the minimum distribution requirements of the Internal Revenue Code. Each quarter, the Board of Trustees reviews the amount of any potential distribution and the income, capital gain, or capital available. The Fund's distribution policy is subject to modification by the Board of Trustees at any time.

A portion of the distribution may be treated as long-term capital gain and qualified dividend income for individuals, each subject to the maximum federal income tax rate, which is currently 15% in taxable accounts for individuals. If the Fund does not generate earnings from dividends and interest received and net realized capital gains equal to or in excess of the aggregate distributions paid by the Fund in a given year, then the amount distributed in excess of the Fund's investment income and net realized capital gains would be deemed a non-taxable return of capital.

Long-term capital gains, qualified dividend income, ordinary income, and paid-in capital, if any, will be allocated on a pro-rata basis to all distributions to common shareholders for the

year. Based on the accounting records of the Fund as of May 27, 2008, the date of this press release, each of the distributions paid in 2008 would include approximately 10% from net investment income and 90% from paid-in capital. The estimated components of each distribution are provided to shareholders of record in a notice accompanying the distribution and are available on our website (www.gabelli.com). The final determination of the sources of all distributions in 2008 will be made after year end and can vary from the monthly estimates. All shareholders with taxable accounts will receive written notification regarding the components and tax treatment for all 2008 distributions in early 2009 via Form 1099-DIV.

The Gabelli Utility Trust has paid a distribution to shareholders every month since October 1999.
