

GAMCO INTERNATIONAL GROWTH FUND INC.
(the “Fund”)

Supplement dated June 30, 2011
to the Fund’s ACI Prospectus dated April 29, 2011

Effective August 1, 2011, G.distributors, LLC, One Corporate Center, Rye, New York 10580-1422, will serve as the distributor of the Fund, replacing Gabelli & Company, Inc. Effective August 1, 2011, all references in the Prospectus to Gabelli & Company, Inc. will be changed to G.distributors, LLC. G.distributors, LLC and Gabelli & Company, Inc. are subsidiaries of GAMCO Investors, Inc. The phone numbers and addresses in the Prospectus for contacting the Fund have not changed.

The following sub-heading replaces a similar sub-heading under the “Purchase of Shares” section on page 17 of the Fund’s ACI Prospectus:

Additional Purchase Information for Class A Shares, Class C Shares, and Class I Shares

The following paragraph has been inserted on page 17 of the Fund’s ACI Prospectus under the paragraph entitled “Telephone or Internet Investment Plan” under the sub-heading “Additional Purchase Information for Class A Shares, Class C Shares, and Class I Shares” in the “Purchase of Shares” section:

Voluntary Conversion. Shareholders who currently hold Class A Shares and are eligible to purchase Class I Shares may convert existing Class A Shares to Class I Shares of the same fund through their dealer if the dealer has a specific agreement with the Distributor. Under current interpretations of applicable federal income tax law by the Internal Revenue Service (“IRS”), this voluntary conversion of Class A Shares to Class I Shares is not treated as a taxable event.

SUMMARY OF THE FUND

Investment Objective

The Fund seeks to provide investors with long-term capital appreciation.

Fees and Expenses of the Fund:

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts if you and your family invest, or agree to invest in the future, at least \$50,000 in Class A Shares of the Fund. More information about these and other discounts is available from your financial professional and in the “Classes of Shares” section on page 10 of this Prospectus.

	<u>Class A Shares</u>	<u>Class C Shares</u>	<u>Class I Shares</u>
Shareholder Fees (fees paid directly from your investment):			
Maximum Sales Charge (Load) on Purchases (as a percentage of offering price)	5.75%	None	None
Maximum Deferred Sales Charge (Load) (as a percentage of redemption or offering price, whichever is lower)	None	1.00%	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends (as percentage of amount invested)	None	None	None
Redemption Fee (as a percentage of amount redeemed for shares held 7 days or less)	2.00%	2.00%	2.00%
Exchange Fee	None	None	None
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment):			
Management Fees	1.00%	1.00%	1.00%
Distribution and Service (Rule 12b-1) Fees	0.25%	1.00%	None
Other Expenses	<u>1.13%</u>	<u>1.13%</u>	<u>1.13%</u>
Total Annual Fund Operating Expenses	<u>2.38%</u>	<u>3.13%</u>	<u>2.13%</u>

Expense Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year, and the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Class A Shares	\$802	\$1,275	\$1,772	\$3,135
Class C Shares	\$416	\$ 966	\$1,640	\$3,439
Class I Shares	\$216	\$ 667	\$1,144	\$2,462

You would pay the following expenses if you did not redeem your shares of the Fund:

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Class A	\$802	\$1,275	\$1,772	\$3,135
Class C	\$316	\$ 966	\$1,640	\$3,439
Class I	\$216	\$ 667	\$1,144	\$2,462

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 14% of the average value of its portfolio.

Principal Investment Strategies:

Under normal circumstances, the Fund invests at least 65% of its net assets in equity securities of foreign issuers located in at least three countries outside the United States that Gabelli Funds, LLC, the Fund’s adviser (the “Adviser”) believes are likely to have rapid growth in revenues and earnings and potential for above-average capital appreciation. Equity securities include common and preferred stocks, securities convertible into common stocks and securities such as rights and warrants that have common stock characteristics. The Fund seeks to invest in companies that have the potential to grow faster than other companies in their respective equity markets and are priced at attractive valuation levels.

The Fund intends to diversify its investments across different countries, but the percentage of Fund assets invested in particular countries or regions will change from time to time based on the Adviser’s judgment. The Fund intends to invest in the securities of companies located in developed countries and, to a lesser extent, those located in emerging markets.

The Adviser may sell a holding if its fundamentals deteriorate or change in a way, as determined by the Adviser, that the investment case for the holding is no longer appropriate for the Fund.

Principal Risks:

You May Want to Invest in the Fund if:

- you are a long-term investor
- you seek growth of capital
- you seek to diversify domestic investments with investments in foreign securities

An investment in the Fund is not guaranteed; you may lose money by investing in the Fund. When you sell your shares of the Fund, they could be worth more or less than what you paid for them.

The principal risks presented by the Fund are:

- **Fund and Management Risk.** The Fund invests in growth and value stocks and the Fund’s price may decline if the market favors other types of stocks. If the portfolio manager is incorrect in his assessment of the growth prospects of the securities the Fund holds, then the value of the Fund’s shares may decline.

- **Equity Risk.** The principal risk of investing in the Fund is equity risk. Equity risk is the risk that the prices of the securities held by the Fund will change due to general market and economic conditions, perceptions regarding the industries in which the companies issuing the securities participate, and the issuer company's particular circumstances. Because the value of securities, and thus shares of the Fund, could go down, you could lose money.
- **Foreign Securities Risk.** A fund that invests outside the U.S. carries additional risks that include:
 - **Currency Risk.** Fluctuations in exchange rates between the U.S. dollar and foreign currencies may negatively affect an investment. Adverse changes in exchange rates may erode or reverse any gains produced by foreign-currency denominated investments and may widen any losses.
 - **Information Risk.** Key information about an issuer, security, or market may be inaccurate or unavailable.
 - **Political Risk.** Foreign governments may expropriate assets, impose capital or currency controls, impose punitive taxes, or nationalize a company or industry. Any of these actions could have a severe effect on security prices and impair the Fund's ability to bring its capital or income back to the U.S. Other political risks include economic policy changes, social and political instability, military action, and war.
 - **Access Risk.** The risk that some countries may restrict the Fund's access to investments or offer terms that are less advantageous than those for local investors. This could limit the attractive investment opportunities available to the Fund.
 - **Emerging Markets.** The above listed foreign securities risks are more likely in the securities of companies located in emerging markets.
- **Portfolio Turnover Risk.** High portfolio turnover involves correspondingly greater expenses to the Fund, including brokerage commission, or dealer mark-ups and other transaction costs on the sale of securities and reinvestments in other securities. Such sales also may result in adverse tax consequences to the Fund's shareholders. The trading costs and tax effects associated with portfolio turnover may adversely affect the Fund's performance.

Performance

The bar chart and table that follow provide an indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year, and by showing how the Fund's average annual returns for one year, five years, and ten years compare to those of broad based securities market indices. As with all mutual funds, the Fund's past performance (before and after taxes) does not predict how the Fund will perform in the future. Updated information on the Fund's results can be obtained by visiting www.gabelli.com.

GAMCO INTERNATIONAL GROWTH FUND, INC.
(Total Returns for Class A Shares for the Years Ended December 31)

Sales loads are not reflected in the above chart. If sales loads were reflected, the Fund's returns would be less than those shown.

During the years shown in the bar chart, the highest return for a quarter was 21.2% (quarter ended June 30, 2009) and the lowest return for a quarter was (23.6)% (quarter ended September 30, 2008).

Average Annual Total Returns (for the periods ended December 31, 2010)	Past One Year	Past Five Years	Past Ten Years
GAMCO International Growth Fund, Inc. Class A Shares (first issued on 3/1/00)			
Return Before Taxes	12.28%	3.47%	3.35%
Return After Taxes on Distributions	11.91%	3.17%	3.13%
Return After Taxes on Distributions and Sale of Fund Shares	8.48%	3.04%	2.89%
Class C Shares (first issued on 3/1/00)			
Return Before Taxes	17.23%	3.85%	2.92%
Class I Shares (first issued on 1/11/08)			
Return Before Taxes	19.44%	4.81%	3.86%
MSCI EAFE Index (reflects no deduction for fees, expenses, or taxes)	12.60%	3.83%	3.03%
Lipper International Multi-Cap Growth Fund Average (reflects no deduction for fees, expenses, or taxes)	15.21%	5.44%	4.21%

The returns shown for Class A, Class C, and Class I Shares prior to their first issuance dates are those of the Class AAA Shares of the Fund, which are not offered in this Prospectus. All Classes of the Fund would have substantially similar annual returns because the shares are invested in the same portfolio of securities and the annual returns would differ only to the extent that the Classes do not have the same expenses.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on the investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401 (k) plans or Individual Retirement Accounts,

including “Roth” IRAs and SEP IRAs (collectively, “IRAs”). After-tax returns are shown only for Class A Shares. After-tax returns for other classes will vary due to the differences in expenses.

Management

The Adviser. Gabelli Funds, LLC serves as the Adviser to the Fund.

The Portfolio Manager. Mr. Caesar M.P. Bryan, Senior Vice President and Portfolio Manager with GAMCO Asset Management, Inc., has served as Portfolio Manager of the Fund since its inception in 1995.

Purchase and Sale of Fund Shares

The minimum initial investment must be at least \$1,000 (\$250 for IRAs or “Coverdell” Education Savings Plans.) There is no minimum initial investment in an automatic monthly investment plan. There is no minimum for subsequent investments.

You can purchase or redeem the Fund’s shares on any day the New York Stock Exchange (“NYSE”) is open for trading (a “Business Day”). You may purchase or redeem Fund shares by written request via mail (The Gabelli Funds, P.O. Box 8308, Boston, MA 02266-8308), by personal or overnight delivery (The Gabelli Funds, c/o BFDS, 30 Dan Road, Canton, MA 02021-2809), or by bank wire.

You may also redeem Fund shares by telephone at 800-GABELLI (800-422-3554), on the Internet at www.gabelli.com, or through an automatic cash withdrawal plan.

Tax Information

The Fund expects that distributions will consist primarily of investment company taxable income, taxed as ordinary income, and net capital gains to taxable investors.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

INVESTMENT OBJECTIVE, INVESTMENT STRATEGIES, AND RELATED RISKS

The Fund seeks long-term capital appreciation. The production of any current income is incidental. To achieve its investment objective, the Fund invests primarily in the equity securities of foreign issuers. The investment objective of the Fund is fundamental and may not be changed without shareholder approval.

Under normal circumstances, the Fund will invest at least 65% of its total assets in the equity securities of foreign issuers located in at least three countries outside the U.S. that the Adviser believes are likely to have rapid growth in revenues and earnings and potential for above-average capital appreciation.

In selecting investments for the Fund, the Adviser considers a number of factors, including:

- a company’s potential to grow faster than other companies in its respective equity market,
- valuation levels,
- the political stability and economic outlook of countries and regions, and

- the prudent allocation among countries and regions to reduce volatility in the Fund's portfolio.

The Fund intends to diversify its investments across different countries, but the percentage of Fund assets invested in particular countries or regions will change from time to time based on the Adviser's judgment. The Fund intends to invest in the securities of companies located in developed countries and, to a lesser extent, those located in emerging markets.

An important function of the Adviser's investment process is to, among other things, establish through the Adviser's research, a value at which point a particular stock may be sold, provided there are no other fundamental changes in the business. The Adviser constantly monitors the Fund's holdings to determine if such holdings continue to act in accordance with the factors described above and the Fund's investment objective. The Adviser may sell a holding if its fundamentals deteriorate or change in a way, as determined by the Adviser, that the investment case for the holding is no longer appropriate for the Fund.

The Fund may also use the following investment technique:

- **Defensive Investments.** When adverse market or economic conditions exist, the Fund may temporarily invest all or a portion of its assets in defensive investments. Such investments include fixed income securities or money market instruments. When following a defensive strategy, the Fund will be less likely to achieve its investment objective.

Investing in the Fund involves the following risks:

- **Convertible Securities and Credit Risk.** The characteristics of convertible securities make them appropriate investments for investors who seek a high level of total return with the addition of credit risk. These characteristics include the potential for capital appreciation if the value of the underlying common stock increases, the relatively high yield received from dividend or interest payments as compared to common stock dividends, and decreased risks of decline in value, relative to the underlying common stock due to their fixed income nature. As a result of the conversion feature, however, the interest rate or dividend preference on a convertible security is generally less than would be the case if the securities were not convertible. During periods of rising interest rates, it is possible that the potential for capital gain on a convertible security may be less than that of a common stock equivalent if the yield on the convertible security is at a level which causes it to sell at a discount. Any common stock or other equity security received by conversion will not be included in the calculation of the percentage of total assets invested in convertible securities. The Fund generally will not invest more than 5% of its net assets in convertible securities that are below investment grade.
- **Equity Risk.** The principal risk of investing in the Fund is equity risk. Equity risk is the risk that the prices of the securities held by the Fund will change due to general market and economic conditions, perceptions regarding the industries in which the companies issuing the securities participate, and the issuer company's particular circumstances.
- **Foreign Securities Risk.** A fund that invests outside the U.S. carries additional risks that include:
 - **Currency Risk.** Fluctuations in exchange rates between the U.S. dollar and foreign currencies may negatively affect an investment. Adverse changes in exchange rates may erode or reverse any gains produced by foreign-currency denominated investments and may widen any losses.

The Fund may, but is not required to, seek to reduce currency risk by hedging part or all of its exposure to various foreign currencies.

- **Information Risk.** Key information about an issuer, security, or market may be inaccurate or unavailable.
- **Political Risk.** Foreign governments may expropriate assets, impose capital or currency controls, impose punitive taxes, or nationalize a company or industry. Any of these actions could have a severe effect on security prices and impair the Fund's ability to bring its capital or income back to the U.S. Other political risks include economic policy changes, social and political instability, military action, and war.
- **Access Risk.** The risk that some countries may restrict the Fund's access to investments or offer terms that are less advantageous than those for local investors. This could limit the attractive investment opportunities available to the Fund.
- **Emerging Markets.** The above listed foreign securities risks are more likely in the securities of companies located in emerging markets.
- **Portfolio Turnover Risk.** High portfolio turnover involves correspondingly greater expenses to the Fund, including brokerage commission, or dealer mark-ups and other transaction costs on the sale of securities and reinvestments in other securities. Such sales also may result in adverse tax consequences to the Fund's shareholders. The trading costs and tax effects associated with portfolio turnover may adversely affect the Fund's performance.
- **Fund and Management Risk.** The Fund invests in growth and value stocks and the Fund's price may decline if the market favors other types of stocks. If the portfolio manager is incorrect in his assessment of the growth prospects of the securities the Fund holds, then the value of the Fund's shares may decline.
- **Portfolio Holdings.** A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's SAI.

MANAGEMENT OF THE FUND

The Adviser. Gabelli Funds, LLC, with its principal offices located at One Corporate Center, Rye, New York 10580-1422, serves as investment adviser to the Fund. The Adviser makes investment decisions for the Fund and continuously reviews and administers the Fund's investment program and manages the Fund's operations under the general supervision of the Fund's Board of Directors (the "Board"). The Adviser also manages several other open-end and closed-end investment companies in the Gabelli/GAMCO family of funds. The Adviser is a New York limited liability company organized in 1999 as successor to GGCP, Inc., a New York corporation originally organized in 1980. The Adviser is another wholly owned subsidiary of GAMCO Investors, Inc. ("GBL"), a publicly held company listed on the NYSE.

As compensation for its services and the related expenses borne by the Adviser for the fiscal year ended December 31, 2010, the Fund paid the Adviser a fee computed daily and payable monthly in an amount equal on an annualized basis to 1.00% of the value of its average daily net assets.

The Fund's semi-annual report to shareholders for the period ended June 30, 2010 contains a discussion of the basis of the Board's determination to continue the Investment Advisory Agreement as described above.

The Portfolio Manager. Mr. Caesar M.P. Bryan has been primarily responsible for the day-to-day investment management of the Fund since June 1995. Mr. Bryan is a Senior Vice President and Portfolio Manager with GAMCO Asset Management Inc., a wholly owned subsidiary of GBL, and has been a Portfolio Manager of the GAMCO Gold Fund, Inc. since July 1994, Co-Portfolio Manager of The GAMCO Global Opportunity Fund since May 1998 and is a member of The GAMCO Growth Fund portfolio management team. Mr. Bryan has also been a Co-Lead Portfolio Manager of The Gabelli Global Gold, Natural Resources & Income Trust since March 2005 and a Co-Lead Portfolio Manager of The Gabelli Natural Resources, Gold & Income Trust since January 2011.

The Fund's SAI provides additional information about Mr. Bryan's compensation, other accounts managed by him, and his ownership of securities in the funds he manages.

Regulatory Matters. On April 24, 2008, an affiliate of the Adviser entered into a settlement with the Securities and Exchange Commission ("SEC") to resolve an inquiry regarding prior frequent trading activity in shares of the GAMCO Global Growth Fund (the "Global Growth Fund") by one investor who was banned from the Global Growth Fund in August 2002. In the administrative settlement order, the SEC found that the Adviser had willfully violated Section 206(2) of the Investment Advisers Act, Section 17(d) of the Investment Company Act of 1940, as amended (the "1940 Act"), and Rule 17d-1 thereunder, and had willfully aided and abetted and caused violations of Section 12(d)(1)(B)(i) of the 1940 Act. Under the terms of the settlement, the Adviser, while neither admitting nor denying the SEC's findings and allegations, paid \$16 million (which included a \$5 million civil monetary penalty), approximately \$12.8 million of which is in the process of being paid to shareholders of the Global Growth Fund in accordance with a plan developed by an independent distribution consultant, and approved by the independent directors of the Global Growth Fund and acceptable to the staff of the SEC, and agreed to cease and desist from future violations of the above-referenced federal securities laws and rule. The SEC order also noted the cooperation that the Adviser had given the staff of the SEC during its inquiry. The settlement did not have a material adverse impact on the Adviser. On the same day, the SEC filed a civil action against the Executive Vice President and Chief Operating Officer of the Adviser, alleging violations of certain federal securities laws arising from the same matter. The officer is also an officer of the Fund, the Global Growth Fund and other funds in the Gabelli/GAMCO fund complex. The officer denies the allegations and is continuing in his positions with the Adviser and the Fund. The court dismissed certain claims and found that the SEC was not entitled to pursue various remedies against the officer while leaving one remedy in the event the SEC were able to prove violations of law. The court subsequently dismissed without prejudice the remaining remedy against the officer, which allowed the SEC to appeal the courts rulings. On October 29, 2010, the SEC filed its appeal with the U.S. Court of Appeals for the Second Circuit regarding the lower court's orders. The Adviser currently expects that any resolution of the action against the officer will not have a material adverse impact on the Adviser.

INDEX DESCRIPTIONS

The **Morgan Stanley Capital International EAFE Index** ("MSCI EAFE Index") is a widely recognized unmanaged index composed of common stocks from Europe, Australia, Asia and the Far East. CLASSES OF SHARES

	Class A Shares	Class C Shares	Class I Shares
Front End Sales Load?	Yes. The percentage declines as the amount invested increases.	No.	No.
Contingent Deferred Sales Charge?	No, except for shares redeemed within eighteen months after purchase as part of an investment greater than \$1 million if no front-end sales charge was paid at the time of purchase.	Yes, for shares redeemed within twelve months after purchase.	No.
Rule 12b-1 Fee	0.25%	1.00%	None.
Convertible to Another Class?	No.	No.	No.
Fund Expense Levels	Lower annual expenses than Class C Shares. Higher annual expenses than Class I Shares.	Higher annual expenses than Class A and Class I Shares.	Lower annual expenses than Class A and Class C Shares.

Three classes of the Fund's shares are offered in this Prospectus — Class A Shares, Class C Shares, and Class I Shares. Class AAA Shares are offered in a separate prospectus. The Fund is not designed for market-timers, see the section entitled "Redemption of Shares." Each class of shares has different costs associated with buying, selling, and holding fund shares. Your broker or other financial professional can assist you in selecting which class of shares best meets your needs based on such factors as the size of your investments and the length of time you intend to hold your shares.

Class I Shares are available to foundations, endowments, institutions, and employee benefit plans. The minimum investment for Class I Shares is \$500,000 and the investor must purchase the Shares directly through Gabelli & Company, Inc., the Fund's distributor (the "Distributor") or brokers that have entered into selling agreements with the Distributor specifically with respect to Class I Shares. The minimum investment requirement is waived for plans with assets of at least \$50 million. The Distributor or its affiliates may accept, in their sole discretion, investments in Class I Shares from purchasers not listed above or that do not meet these qualification requirements.

The table above summarizes the differences among the classes of shares.

- A "front-end sales load", or sales charge, is a one-time fee charged at the time of purchase of shares.
- A "contingent deferred sales charge" ("CDSC") is a one-time fee charged at the time of redemption.
- A "Rule 12b-1 fee" is a recurring annual fee for distributing shares and servicing shareholder accounts based on the Fund's average daily net assets attributable to the particular class of shares.

If you...	then you should consider...
• qualify for a reduced or waived front-end sales load	purchasing Class A Shares instead of Class C Shares
• do not qualify for a reduced or waived front-end sales load and intend to hold your shares for only a few years	purchasing Class C Shares instead of Class A Shares
• do not qualify for a reduced or waived front-end sales load and intend to hold your shares indefinitely	purchasing Class A Shares instead of Class C Shares
• are an eligible institution and wish to purchase at least \$500,000 worth of shares	purchasing Class I Shares

In selecting a class of shares in which to invest, you should consider:

- the length of time you plan to hold the shares;
- the amount of sales charge and Rule 12b-1 fees, recognizing that your share of 12b-1 fees as a percentage of your investment increases if the Fund's assets increase in value and decreases if the Fund's assets decrease in value;
- whether you qualify for a reduction or waiver of the Class A sales charge; and
- whether you qualify to purchase Class I Shares (direct institutional purchases of \$500,000 or more).

The following sections include important information about sales charges and sales charge reductions and waivers available to investors in Class A Shares and describes information or records you may need to provide to the Fund or your broker in order to be eligible for sales charge reductions and waivers.

Sales Charge — Class A Shares. The sales charge is imposed on Class A Shares at the time of purchase in accordance with the following schedule:

<u>Amount of Investment</u>	<u>Sales Charge as % of the Offering Price*</u>	<u>Sales Charge as % of Amount Invested</u>	<u>Reallowance to Broker-Dealers</u>
Under \$50,000	5.75%	6.10%	5.00%
\$50,000 but under \$100,000	4.75%	4.99%	4.00%
\$100,000 but under \$250,000	3.75%	3.90%	3.00%
\$250,000 but under \$500,000	2.75%	2.83%	2.25%
\$500,000 but under \$1 million	2.00%	2.04%	1.75%
\$1 million but under \$2 million	0.00%**	0.00%	1.00%
\$2 million but under \$5 million	0.00%**	0.00%	0.50%
\$5 million or more	0.00%**	0.00%	0.25%

* Includes front end sales load.

** Subject to a 1.00% CDSC for eighteen months after purchase if no front-end sales charge was paid at the time of purchase.

No sales charge is imposed on reinvestment of distributions if you select that option in advance of the distribution.

Breakpoints or Volume Discounts

The Fund offers you the benefit of discounts on the sales charges that apply to purchases of Class A Shares in certain circumstances. These discounts, which are also known as breakpoints, can reduce or, in some instances, eliminate the initial sales charges that would otherwise apply to your Class A Shares investment.

Mutual funds are not required to offer breakpoints and different mutual fund groups may offer different types of breakpoints.

Breakpoints or Volume Discounts allow larger investments in Class A Shares to be charged lower sales charges. If you invest \$50,000 or more in Class A Shares of the Fund, then you are eligible for a reduced sales charge. Initial sales charges are eliminated completely for purchases of \$1,000,000 or more, although a 1% CDSC may apply if shares are redeemed within eighteen months after purchase.

Sales Charge Reductions and Waivers — Class A Shares:

Reduced sales charges are available to (1) investors who are eligible to combine their purchases of Class A Shares to receive volume discounts and (2) investors who sign a Letter of Intent (the “Letter”) agreeing to make purchases over time. Certain types of investors are eligible for sales charge waivers.

You may qualify for a reduced sales charge, or a waiver of sales charges, on purchases of Class A Shares. The requirements are described in the following paragraphs. To receive a reduction that you qualify for, you may have to provide additional information to your broker or other service agent. For more information about sales charge discounts and waivers, consult with your broker or other service provider.

Volume Discounts/Rights of Accumulation. In order to determine whether you qualify for a Volume Discount under the sales charge schedule on the preceding page, you may combine your new investment and your existing investments in Class A Shares with those of your immediate family (spouse and children under age 21), your and their IRAs, and other employee benefit plans and trusts and other fiduciary accounts for you and their benefit. You may also include Class A Shares of any other open-end investment company managed by the Adviser or its affiliates that are held in any of the foregoing accounts. The Fund uses the current net asset value of these holdings when combining them with your new and existing investments for purposes of determining whether you qualify for a Volume Discount.

Letter of Intent. If you initially invest at least \$1,000 in Class A Shares of the Fund and submit the Letter to your broker or the Distributor, you may make purchases of Class A Shares of the Fund during a thirteen month period at the reduced sales charge rates applicable to the aggregate amount of the intended purchases stated in the Letter. The Letter may apply to purchases made up to ninety days before the date of the Letter. If you fail to invest the total amount stated in the Letter, the Fund will retroactively collect the sales charge otherwise applicable by redeeming shares in your account at their then current net asset value per share (“NAV”). For more information on the Letter, call your broker.

Required Shareholder Information and Records. In order for you to take advantage of sales charge reductions, you or your broker must notify the Fund that you qualify for a reduction. Without notification, the Fund is unable to ensure that the reduction is applied to your account. You may have to provide information or records to your broker or the Fund to verify eligibility for breakpoint privileges or other sales charge waivers. This may include information or records, including account statements, regarding shares of the Fund or shares of any other open-end investment company managed by the Adviser or its affiliates held in:

- all of your accounts at the Fund or a broker;
- any account of yours at another broker; and
- accounts of related parties of yours, such as members of the same family, at any broker.

You should therefore keep copies of these types of records.

Investors Eligible for Sales Charge Waivers. Class A Shares of the Fund may be offered without a sales charge to: (1) employees of the Distributor and its affiliates, Bank of New York Mellon, Boston Financial Data Services, Inc. (“BFDS”), State Street Bank and Trust Company, the Fund’s Transfer Agent (“State Street”), BNY Mellon Investment Servicing (US) Inc. (formerly PNC Global Investment Servicing (U.S.) Inc.,) and Soliciting Broker-Dealers, employee benefit plans for those employees and their spouses and minor children of such employees when orders on their behalf are placed by such employees (the minimum initial investment for such purchases is \$500); (2) the Adviser, its affiliates and their officers, directors, trustees, general partners, and employees of other investment companies managed by the Adviser, employee benefit plans for such persons and their immediate family when orders on their behalf are placed by such persons (with no required minimum initial investment), the term “immediate family” for this purpose refers to a person’s spouse, children and grandchildren (adopted or natural), parents, grandparents, siblings, a spouse’s siblings, a sibling’s spouse, and a sibling’s children; (3) any other investment company in connection with the combination of such company with the Fund by merger, acquisition of assets, or otherwise; (4) shareholders who have redeemed shares in the Fund and who wish to reinvest in the Fund, provided the reinvestment is made within forty-five days of the redemption; (5) qualified employee benefit plans established pursuant to Section 457 of the Code that have established omnibus accounts with the Fund or an intermediary; (6) qualified employee benefit plans having more than one hundred eligible employees or a minimum of \$1 million in plan assets invested in the Fund; (7) any unit investment trusts registered under the 1940 Act which have shares of the Fund as a principal investment; (8) Investment Advisory clients of GAMCO Asset Management Inc. and their immediate families; (9) employee participants of organizations adopting the 401(K) Plan sponsored by the Adviser; (10) financial institutions purchasing Class A Shares of the Fund for clients participating in a fee based asset allocation program or wrap fee program which has been approved by the Fund’s Distributor; and (11) registered investment advisers or financial planners who place trades for their own accounts or the accounts of their clients and who charge a management, consulting, or other fee for their services; and clients of such investment advisers or financial planners who place trades for their own accounts if the accounts are linked to the master account of such investment adviser or financial planner on the books and records of a broker or agent.

Investors who qualify under any of the categories described above should contact their brokerage firm. Some of these investors may also qualify to invest in Class I Shares.

Contingent Deferred Sales Charges

You will pay a CDSC when you redeem:

- Class A Shares within approximately eighteen months of buying them as part of an investment greater than \$1 million if no front-end sales charge was paid at the time of purchase; or
- Class C Shares within approximately twelve months of buying them.

The CDSC payable upon redemption of Class A Shares or Class C Shares in the circumstances described above is 1.00%. In each case, the CDSC is based on the NAV at the time of your investment or the NAV at the time of redemption, whichever is lower.

The Distributor pays sales commissions of up to 1.00% of the purchase price of Class C Shares of the Fund at the time of sale to brokers who initiate and are responsible for purchases of such Class C Shares of the Fund.

You will not pay a CDSC to the extent that the value of the redeemed shares represents reinvestment of distributions or capital appreciation of shares redeemed. When you redeem shares, we will assume that you are first redeeming shares representing reinvestment of distributions, then any appreciation on shares redeemed, and then any remaining shares held by you for the longest period of time. We will calculate the holding period of shares acquired through an exchange of shares of another fund from the date you acquired the original shares of the other fund. The time you hold shares in a Gabelli money market fund, however, will not count for purposes of calculating the applicable CDSC.

We will waive the CDSC payable upon redemptions of shares for:

- redemptions and distributions from retirement plans made after the death or disability of a shareholder;
- minimum required distributions made from an IRA or other retirement plan account after you reach age 70½;
- involuntary redemptions made by the Fund;
- a distribution from a tax-deferred retirement plan after your retirement; and
- returns of excess contributions to retirement plans following the shareholder's death or disability.

Rule 12b-1 Plan. The Fund has adopted distribution plans under Rule 12b-1 (the "Plans") for Class A and Class C Shares of the Fund (each, a "Plan"). Under these Plans, the Fund may use its assets to finance activities relating to the sale of its Class A and Class C Shares and the provision of certain shareholder services. To the extent any activity is one that the Fund may finance without a distribution plan, the Fund may also make payments to compensate such activities outside the Plan and not be subject to its limitations.

The Class A Plan authorizes payments by the Fund on an annual basis of 0.25% of its average daily net assets attributable to Class A Shares to finance distribution of its Class A Shares or pay shareholder service fees. The Class C Plan authorizes payments on an annual basis of 0.75% of its average daily net assets attributable to Class C Shares to finance distribution of its Class C Shares and 0.25% for shareholder service fees.

These are annual rates based on the value of each of these Classes' average daily net assets. Because the Rule 12b-1 fees are higher for Class C Shares than for Class A Shares, Class C Shares will have higher annual expenses. Because Rule 12b-1 fees are paid out of the Fund's assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. Due to the payment of Rule 12b-1 fees, long-term shareholders may indirectly pay more than the equivalent of the maximum permitted front-end sales charge.

PURCHASE OF SHARES

You can purchase the Fund's shares on any Business Day. You may purchase shares directly through registered broker-dealers, banks, or other financial intermediaries that have entered into appropriate selling agreements with the Fund's Distributor. In addition, certain investors who qualify may purchase Class I Shares of the Fund directly from the Fund's Distributor.

The broker-dealer, bank, or other financial intermediary will transmit a purchase order and payment to State Street on your behalf. Broker-dealers, banks, or other financial intermediaries may send you confirmations of your transactions and periodic account statements showing your investments in the Fund.

- **By Mail or In Person.** Your broker-dealer, bank, or financial intermediary can obtain a subscription order form by calling 800-GABELLI (800-422-3554). Checks made payable to a third party and endorsed by the depositor are not acceptable. For additional investments, send a check to the following address with a note stating your exact name and account number, the name of the Fund(s) and class of shares you wish to purchase.

If you are making an initial purchase of Class I Shares, you should also complete and mail a subscription order form to the address shown under “By Mail.” Note that banks may charge fees for wiring funds, although the Fund’s Transfer Agent, State Street, will not charge you for receiving wire transfers.

Share Price. The Fund sells its shares based on the NAV next determined after the time as of which the Fund receives your completed subscription order form and your payment, subject to an up-front sales charge in the case of Class A Shares. See “Pricing of Fund Shares” for a description of the calculation of the NAV as described under “Classes of Shares — Sales Charge — Class A Shares.”

Minimum Investments. Your minimum initial investment must be at least \$1,000 for Class A and Class C Shares. See “Retirement Plans/Education Savings Plans” and “Automatic Investment Plan” under “Additional Purchase Information for Class A Shares and Class C Shares” regarding minimum investment amounts applicable to such plans.

Your minimum initial investment for Class I Shares must be at least \$500,000. The minimum initial investment for Class I Shares is waived for employee benefit plans with assets of at least \$50 million.

There is no minimum for subsequent investments. Broker-dealers may have different minimum investment requirements.

General. State Street will not issue share certificates unless you request them. The Fund reserves the right to (i) reject any purchase order if, in the opinion of the Fund's management, it is in the Fund's best interest to do so, (ii) suspend the offering of shares for any period of time, and (iii) waive the Fund's minimum purchase requirements. The Fund also offers another class of shares under different selling and shareholder servicing arrangements pursuant to a separate Prospectus. Except for differences attributable to these arrangements, the shares of all Classes are substantially the same.

Customer Identification Program. Federal law requires the Fund to obtain, verify, and record identifying information, which may include the name, residential or business street address, date of birth (for an individual), social security or taxpayer identification number, or other identifying information, for each investor who opens or reopens an account with the Fund. Applications without the required information may be rejected or placed on hold until the Fund verifies the account holder's identity.

Third Party Arrangements. In addition to, or in lieu of amounts received by brokers, dealers, or financial intermediaries as reallowances of a portion of sales commissions, the Adviser and its affiliates utilize a portion of their assets, which may include revenues received from 12b-1 fees, to pay all or a portion of the charges of various programs that make shares of the Fund available to their customers. These payments, sometimes referred to as "revenue sharing," do not change the price paid by investors to purchase the Fund's shares or the amount the Fund receives as proceeds from such sales. Revenue sharing payments may be made to brokers, dealers, and other financial intermediaries that provide services to the Fund or to shareholders in the Fund, including (without limitation) the following programs: shareholder servicing to Fund shareholders, transaction processing, subaccounting services, marketing support, access to sales meetings, sales representatives and management representatives of the broker, dealer, or other financial intermediary. Revenue sharing payments may also be made to brokers, dealers, and other financial intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list, or in other sales programs. These payments may take a variety of forms, including (without limitation) compensation for sales, "trail" fees for shareholder servicing and maintenance of shareholder accounts, and finders' fees that vary depending on the share class and the dollar amount of shares sold. Revenue sharing payments may be structured: (i) as a percentage of sales; (ii) as a percentage of net assets; and/or (iii) as a fixed dollar amount.

The Adviser may also provide non-cash compensation to broker/dealer firms or other financial intermediaries, in accordance with applicable rules of the Financial Industry Regulatory Authority ("FINRA"), such as the reimbursement of travel, lodging, and meal expenses incurred in connection with attendance at educational and due diligence meetings or seminars by qualified registered representatives of those firms and, in certain cases, their families; meeting fees; certain entertainment; reimbursement for advertising or other promotional expenses; or other permitted expenses as determined in accordance with applicable FINRA rules. In certain cases these other payments could be significant.

Subject to tax limitations and approval by the Board, the Fund may also make payments to third parties out of its own assets (other than 12b-1 payments), for a portion of the charges for those programs that generally represent savings of expenses experienced by the Fund resulting from shareholders investing in the Fund through such programs rather than investing directly in the Fund.

The Adviser negotiates the level of payments described above to any particular broker, dealer, or financial intermediary with each firm. Currently, such payments (expressed as a percentage of net assets) range from 0.10% to 0.40% per year of the average daily net assets of the Fund attributable to the particular firm

depending on the nature and level of services and other factors. In the case of Class I shares, the Fund may not make any payments for distribution related services.

Additional Purchase Information for Class A Shares and Class C Shares

Retirement Plans/Education Savings Plans. The Fund makes available IRAs and “Coverdell” Education Savings Plans for investment in Fund shares. Applications may be obtained from the Distributor by calling 800-GABELLI (800-422-3554). Self-employed investors may purchase shares of the Fund through tax-deductible contributions to existing retirement plans for self-employed persons, known as “Keogh” or “H.R.-10” plans. The Fund does not currently act as a sponsor to such plans. Fund shares may also be a suitable investment for other types of qualified pension or profit-sharing plans which are employer sponsored, including deferred compensation or salary reduction plans known as “401(k) Plans”. The minimum initial investment in all such retirement and education savings plans is \$250. There is no minimum subsequent investment for retirement or education savings plans.

Automatic Investment Plan. The Fund offers an automatic monthly investment plan. There is no initial minimum investment for accounts establishing an automatic investment plan. Call your financial intermediary or the Distributor at 800-GABELLI (800-422-3554) for more details about the plan.

Telephone or Internet Investment Plan. You may purchase additional shares of the Fund by telephone and/or over the Internet if your bank is a member of the Automated Clearing House (“ACH”) system. You must also have a completed, approved Investment Plan application on file with the Fund’s Transfer Agent. There is a minimum of \$100 for each telephone or Internet investment. However, you may split the \$100 minimum between two funds. To initiate an ACH purchase, please call 800-GABELLI (800-422-3554) or 800-872-5365 or visit our website at www.gabelli.com.

REDEMPTION OF SHARES

You can redeem shares of the Fund on any Business Day. The Fund may temporarily stop redeeming its shares when the NYSE is closed or trading on the NYSE is restricted, when an emergency exists and the Fund cannot sell its shares or accurately determine the value of its assets, or if the SEC orders the Fund to suspend redemptions.

The Fund redeems its shares based on the NAV next determined after the time as of which the Fund receives your redemption request in proper form, subject in some cases to a CDSC, as described under “Classes of Shares – Contingent Deferred Sales Charges” or a redemption fee as described below. See “Pricing of Fund Shares” for a description of the calculation of NAV.

You may redeem shares through a broker-dealer or other financial intermediary that has entered into a selling agreement with the Distributor. The broker-dealer or other financial intermediary will transmit a redemption order to State Street on your behalf. The redemption request will be effected at the NAV next determined (less any applicable CDSC) after the Fund receives the request in proper form. If you hold share certificates, you must present the certificates endorsed for transfer.

The Fund is intended for long-term investors and not for those who wish to trade frequently in Fund shares. The Fund believes that excessive short-term trading of Fund shares creates risks for the Fund and its long-term shareholders, including interference with efficient portfolio management, increased administrative and brokerage costs, and potential dilution in the value of Fund shares. In addition, because the Fund may invest in foreign securities traded primarily on markets that close prior to the time the Fund determines its NAV,

frequent trading by some shareholders may, in certain circumstances, dilute the value of Fund shares held by other shareholders. This may occur when an event that affects the value of the foreign security takes place after the close of the primary foreign market, but before the time that the Fund determines its NAV. Certain investors may seek to take advantage of the fact that there will be a delay in the adjustment of the market price for a security caused by this event until the foreign market reopens (referred to as price arbitrage). If this occurs, frequent traders who attempt this type of price arbitrage may dilute the value of the Fund's shares to the extent they receive shares or proceeds based upon NAVs that have been calculated using the closing market prices for foreign securities, if those prices have not been adjusted to reflect a change in the fair value of the foreign securities. In an effort to prevent price arbitrage, the Fund has procedures designed to adjust closing market prices of foreign securities before it calculates its NAV when it believes such an event has occurred that will have more than the minimal effect on the NAV. Prices are adjusted to reflect what the Fund believes are the fair values of these foreign securities at the time the Fund determines its NAV (called fair value pricing). Fair value pricing, however, involves judgments that are inherently subjective and inexact, since it is not possible to always be sure when an event will affect a market price and to what extent. As a result, there can be no assurance that fair value pricing will always eliminate the risk of price arbitrage.

In order to discourage frequent short-term trading in Fund shares, the Fund imposes a 2.00% redemption fee (short-term trading fee) on Class A, Class C, and Class I shares that are redeemed or exchanged within seven (7) days or less after the date of a purchase. This fee is calculated based on the shares' aggregate NAV on the date of redemption and deducted from the redemption proceeds. The redemption fee is not a sales charge, it is retained by the Fund, and does not benefit the Fund's Adviser or any other third party. For purposes of computing the redemption fee, shares will be redeemed in reverse order of purchase (the latest shares acquired will be treated as being redeemed first). Redemptions to which the fee applies include redemption of shares resulting from an exchange made pursuant to the Fund's exchange privilege. The redemption fee will not apply to redemptions of shares where (i) the shares were purchased through automatic reinvestment of dividends or other distributions, (ii) the redemption is initiated by the Fund, (iii) the shares were purchased through programs that collect the redemption fees at the program level and remit them to the Fund, or (iv) the shares were purchased through programs that the Adviser determines to have appropriate anti-short-term trading policies in place or as to which the Adviser has received assurances that look-through redemption fee procedures or effective anti-short-term trading policies and procedures are in place.

While the Fund has entered into information sharing agreements with financial intermediaries which contractually require such financial intermediaries to provide the Fund with information relating to its customers investing in the Fund through non-disclosed or omnibus accounts, the Fund cannot guarantee the accuracy of the information provided to it from financial intermediaries and may not always be able to track short-term trading effected through these financial intermediaries. In addition, because the Fund is required to rely on information provided by the financial intermediary as to the applicable redemption fee, the Fund cannot guarantee that the financial intermediary is always imposing such fee on the underlying shareholder in accordance with the Fund's policies. Subject to the exclusions discussed above, the Fund seeks to apply these policies uniformly.

Certain financial intermediaries may have procedures which differ from those of the Fund to collect the redemption fees or that prevent or restrict frequent trading. Investors should refer to their intermediary's policies on frequent trading restrictions.

The Fund continues to reserve all rights, including the right to refuse any purchase request (including requests to purchase by exchange) from any person or group who, in the Fund's view, is likely to engage in excessive trading or if such purchase is not in the best interest of the Fund and to limit, delay, or impose other conditions on exchanges or purchases. The Fund has adopted a policy of seeking to minimize short-term trading in its shares and monitors purchase and redemption activities to assist in minimizing short-term trading.

In the event that you wish to redeem shares in a registered account established by a broker/dealer or other financial intermediary and you are unable to contact your broker-dealer or financial intermediary, you may redeem shares by mail. You may mail a letter requesting the redemption of shares to: **The Gabelli Funds, P.O. Box 8308, Boston, MA 02266-8308**. Your letter should state the name of the fund(s) and the share class, the dollar amount or number of shares you wish to redeem, and your account number. You must sign the letter in exactly the same way the account is registered. If there is more than one owner of shares, all owners must sign. A medallion signature guarantee is required for each signature on your redemption letter. You can obtain a medallion signature guarantee from financial institutions such as commercial banks, brokers, dealers, and banks and credit unions savings. A notary public cannot provide a medallion signature guarantee.

Automatic Cash Withdrawal Plan. You may automatically redeem shares on a monthly, quarterly or annual basis if you have at least \$10,000 in your account and if your account is directly registered with State Street. Call 800-GABELLI (800-422-3554) for more information about this plan.

Reinstatement Privilege. A shareholder in the Fund who has redeemed Class A Shares may reinvest, without a sales charge, up to the full amount of such redemption at the NAV determined at the time of the reinvestment within forty-five days of the original redemption. A redemption is a taxable transaction and a gain or loss may be recognized for federal income tax purposes even if the reinstatement privilege is exercised. However, any loss realized upon the redemption will not be recognized as to the number of shares acquired by reinstatement within thirty days of the redemption, in which case an adjustment to the tax basis of the shares so acquired, if those shares are acquired within thirty days of the redemption.

Involuntary Redemption. The Fund may redeem all shares in your account (other than an IRA) if their value falls below \$1,000 as a result of redemptions (but not as a result of a decline in NAV). You will be notified in writing if the Fund initiates such action and allowed thirty days to increase the value of your account to at least \$1,000.

Redemption Proceeds. A redemption request received by the Fund will be effected based on the NAV next determined after the time as of which the Fund, or if applicable, its authorized designee, receives the request. If you request redemption proceeds by check, the Fund will normally mail the check to you within seven days after receipt of your redemption request. If you purchased your Fund shares by check or through the Automatic Investment Plan, you may not receive proceeds from your redemption until the check clears, which may take up to as many as ten days following the purchase. While the Fund will delay the processing of the redemption payment until the check clears, your shares will be valued at the next determined NAV after receipt of your redemption request.

Redemption in Kind. In certain circumstances, the Fund may pay your redemption proceeds wholly or partially in portfolio securities. Where applicable, payments would be made in Portfolio securities only in the rare instance that the Fund's Board believes that it would be in the best interest not to pay redemption proceeds in cash.

EXCHANGE OF SHARES

You can exchange shares of the Fund for shares of the same class of certain other funds managed by the Adviser or its affiliates based on their relative NAV at the time of exchange. You may call your broker to obtain a list of the funds whose shares you may acquire through an exchange. Class C Shares will continue to age from the date of the original purchase of such shares and will assume the CDSC rate such shares had at the time of exchange. You may also exchange your shares for shares of a money market fund managed by the Adviser or its affiliates, without imposition of any CDSC at the time of exchange. Upon subsequent redemption from such money market fund or the Fund (after re-exchange into the Fund), such shares will be subject to the CDSC calculated by excluding the time such shares were held in a Gabelli money market fund.

In effecting an exchange:

- you must meet the minimum investment requirements for the fund whose shares you wish to purchase through exchange;
- if you are exchanging into a fund with a higher sales charge, you must pay the difference at the time of exchange;
- if you are exchanging from a fund with a redemption fee applicable to the redemption involved in your exchange, you must pay the redemption fee at the time of exchange;
- you may realize a taxable gain or loss because the exchange is treated as a sale for federal income tax purposes;
- you should read the prospectus of the fund whose shares you are purchasing through exchange. Call 800-GABELLI (800-422-3554) or visit our website at www.gabelli.com to obtain the prospectus; and
- you should be aware that brokers may charge a fee for handling an exchange for you.

You may exchange shares by telephone, by mail, over the Internet, or through a registered broker-dealer, bank or other financial intermediary that has entered into the appropriate selling agreement with the Distributor.

- **Exchange by Telephone.** You may give exchange instructions by telephone by calling 800-GABELLI (800-422-3554). You may not exchange shares by telephone if you hold share certificates.
- **Exchange by Mail.** You may send a written request for exchanges to: **The Gabelli Funds, P.O. Box 8308, Boston, MA 02266-8308.** Your letter should state your name, your account number, the dollar amount or number of shares you wish to exchange, the name and class of the fund(s) whose shares you wish to exchange, and the name of the fund(s) whose shares you wish to acquire.
- **Exchange through the Internet.** You may also give exchange instructions via the Internet at www.gabelli.com. You may not exchange shares through the Internet if you hold share certificates. The Fund may impose limitations from time to time on Internet exchanges.

The Fund may impose limitations on, or terminate, the exchange privilege with respect to any investor at any time. You will be given notice at least sixty days prior to any material change in the exchange privilege.

Your broker may charge you a processing fee for assisting you in purchasing or redeeming shares of the Fund. This charge is set by your broker and does not benefit the Fund or the Adviser in any way. It would be in addition to the sales charges and other costs, if any, described in this Prospectus and must be disclosed to you by your broker.

PRICING OF FUND SHARES

The NAV is calculated separately for each class of shares on each Business Day. The NYSE is open Monday through Friday, but currently is scheduled to be closed on New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day and on the preceding Friday or subsequent Monday when a holiday falls on a Saturday or Sunday, respectively.

The Fund's NAV is determined as of the close of regular trading on the NYSE, normally 4:00 p.m., Eastern Time. The NAV of each class is computed by dividing the value of the Fund's net assets, i.e., the value of its securities and other assets less its liabilities, including expenses payable or accrued but excluding capital stock and surplus, attributable to the applicable class of shares by the total number of shares of such class outstanding at the time the determination is made. The price of Fund shares for the purpose of purchase and redemption orders will be based upon the calculation of NAV of each class next made as of a time after the time as of which the purchase or redemption order is received in proper form.

Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by the Adviser.

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market but prior to the close of business on the day the securities are being valued. Debt instruments with remaining maturities of sixty days or less that are not credit impaired are valued at amortized cost, unless the Board determines such amount does not reflect the securities' fair value, in which case these securities will be fair valued as determined by the Board. Debt instruments having a maturity greater than sixty days for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. U.S. government obligations with maturities greater than sixty days are normally valued using a model that incorporates market observable data such as reported sales of similar securities, broker quotes, yields, bids, offers, and reference data. Certain securities are valued principally using dealer quotations. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American Depositary Receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

DIVIDENDS AND DISTRIBUTIONS

The Fund intends to pay dividends and capital gain distributions, if any, on an annual basis. You may have dividends and/or capital gain distributions that are declared by the Fund reinvested automatically at NAV in additional shares of the Fund. You will make an election to receive dividends and distributions in cash or Fund shares at the time you first purchase your shares. You may change this election by notifying the Fund or your broker in writing at any time prior to the record date for a particular dividend or distribution. There are no sales or other charges in connection with the reinvestment of dividends and capital gain distributions. Shares purchased through dividend reinvestment will receive a price without sales charge based on the NAV on the reinvestment date, which is typically the date dividends are paid to shareholders. There is no fixed dividend rate, and there can be no assurance that the Fund will realize any capital gains or other income with which to pay dividends and distributions. Dividends and distributions may differ for different classes of shares.

TAX INFORMATION

The Fund expects that distributions will consist primarily of investment company taxable income and net capital gain. Capital gains may be taxed at different rates depending on the length of time the Fund holds the securities giving rise to such capital gains. Dividends out of investment company taxable income (including distributions of net short-term capital gains, i.e., gains from securities held by the Fund for one year or less) are taxable to you as ordinary income, except, as discussed below, that qualified dividends may be currently eligible for a reduced federal income tax rate through 2012. Properly reported distributions of net capital gain, i.e., net long-term capital gains minus net short-term capital loss (“Capital Gains Distributions”) are taxable to you at long-term capital gain rates no matter how long you have owned your shares. The Fund’s dividends and distributions, whether you receive them in cash or reinvest them in additional shares of the Fund, generally will be subject to federal and, if applicable, state and local taxes. Although dividends (including dividends from short-term capital gains) are generally taxable as ordinary income, individual shareholders who satisfy certain holding periods and other requirements are taxed on such dividends at long-term capital gain rates to the extent the dividends are attributable to “qualified dividend income” received by the Fund. “Qualified dividend income” generally consists of dividends received from U.S. corporations (other than dividends from tax-exempt organizations and certain dividends from real estate investment trusts and regulated investment companies) and certain foreign corporations (generally those eligible for the benefits of a tax treaty with the United States and those whose stock is traded on an established securities market in the United States). Corporations may be able to take a dividends received deduction for a portion of the income dividends they receive. A redemption of Fund shares or an exchange of Fund shares for shares of another fund will be treated for tax purposes as a sale of Fund shares, and any gain you realize on such a transaction generally will be taxable. The Fund may be required to withhold as backup withholding a portion of the dividends, distributions, and redemption proceeds payable to shareholders who fail to provide the Fund with their correct taxpayer identification number or to make required certifications, or who have been notified by the Internal Revenue Service that they are subject to backup withholding. Also, dividends, distributions, and redemption proceeds payable to foreign shareholders may be subject to a federal withholding tax. Dividends sourced from paid-in capital should not be considered as dividend yield or the total return from an investment in the Fund.

Dividends declared by the Fund in October, November, or December and paid in January of the following year will be treated as paid in December for tax purposes.

The Fund may be subject to foreign withholding and other taxes. The Fund expects to be eligible to elect for U.S. federal income tax purposes to treat any foreign income taxes paid by it as paid by its shareholders. If the Fund makes the election, the amount of foreign income taxes paid by the Fund would be included in the income of its shareholders and the shareholders may elect, subject to certain limitations, to credit such amount included against their U.S. tax due, if any, or to deduct such amount from their U.S. taxable income, if any.

After the end of each year, the Fund will provide you with information regarding any shares you redeemed and the federal tax status of any dividends or distributions you received during the previous year.

This summary of tax consequences is intended for general information only and is subject to change by legislative, judicial or administrative action, and any such change may be retroactive. It is applicable only to shareholders who are U.S. persons. A more complete discussion of the tax rules applicable to you and the Fund can be found in the SAI that is incorporated by reference into this Prospectus. You should consult a tax adviser concerning the tax consequences of your investment in the Fund.

MAILINGS AND E-DELIVERY TO SHAREHOLDERS

In our continuing effort to reduce duplicative mail and Fund expenses, we currently send a single copy of prospectuses and shareholder reports to your household even if more than one family member in your household owns the same fund or funds described in the prospectus or report. Additional copies of our prospectuses and reports may be obtained by calling 800-GABELLI (800-422-3554). If you do not want us to continue to consolidate your fund mailings and would prefer to receive separate mailings at any time in the future, please call us at the telephone number above and we will resume separate mailings, in accordance with your instructions, within thirty days of your request. The Fund offers electronic delivery of Fund documents. Direct shareholders of the Fund can elect to receive the Fund's annual, semiannual, and quarterly Fund reports, manager commentaries, and prospectuses via e-delivery. For more information or to sign up for e-delivery, please visit the Fund's website at www.gabelli.com. Shareholders who purchased the Fund through a financial intermediary should contact their financial intermediary to sign up for e-delivery of Fund documents, if available.

FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the financial performance of the Fund for the past five fiscal years. The total returns in the table represent the return that an investor would have earned or lost on an investment in the designated class of Shares (assuming reinvestment of all distributions). This information has been audited by Ernst & Young LLP, independent registered public accounting firm, whose report, along with the Fund's financial statements and related notes, is included in the Fund's annual report, which is available upon request.

GABELLI/GAMCO FUNDS AND YOUR PERSONAL PRIVACY

Who are we?

The Gabelli/GAMCO Funds are investment companies registered with the Securities and Exchange Commission under the Investment Company Act of 1940. We are managed by Gabelli Funds LLC, which is affiliated with GAMCO Investors, Inc. GAMCO Investors, Inc. is a publicly held company that has subsidiaries that provide investment advisory or brokerage services for a variety of clients.

What kind of non-public information do we collect about you if you become a Fund shareholder?

If you apply to open an account directly with us, you will be giving us some non-public information about yourself. The non-public information we collect about you is:

- *Information you give us on your application form.* This could include your name, address, telephone number, social security number, bank account number, and other information.
- *Information about your transactions with us, any transactions with our affiliates, and transactions with the entities we hire to provide services to you.* This would include information about the shares that you buy or redeem. If we hire someone else to provide services — like a transfer agent — we will also have information about the transactions that you conduct through them.

What information do we disclose and to whom do we disclose it?

We do not disclose any non-public personal information about our customers or former customers to anyone, other than our affiliates, our service providers who need to know such information, and as otherwise permitted by law. If you want to find out what the law permits, you can read the privacy rules adopted by the Securities and Exchange Commission. They are in volume 17 of the Code of Federal Regulations, Part 248. The Commission often posts information about its regulations on its website, www.sec.gov.

What do we do to protect your personal information?

We restrict access to non-public personal information about you to the people who need to know that information in order to provide services to you or the Fund and to ensure that we are complying with the laws governing the securities business. We maintain physical, electronic, and procedural safeguards to keep your personal information confidential.

This Privacy Policy is not part of the Prospectus.
