

# The Gabelli Global Rising Income and Dividend Fund

## Annual Report — December 31, 2018

### To Our Shareholders,

For the year ended December 31, 2018, the net asset value (NAV) per Class AAA Share of The Gabelli Global Rising Income and Dividend Fund decreased 14.0% compared with a decrease of 0.3% for the ICE Bank of America Merrill Lynch Global 300 Convertible Index and a decrease of 8.7% for the Morgan Stanley Capital International (MSCI) World Index, respectively. Other classes of shares are available. See page 2 for performance information for all classes of shares.

Enclosed are the financial statements, including the schedule of investments, as of December 31, 2018.

### Performance Discussion (Unaudited)

The Fund's investment objective is to provide investors with a high level of total return through a combination of current income and appreciation of capital.

The Fund's investment strategy is to invest 80% of its net assets in dividend paying securities (such as common and preferred stock) or other income producing securities (such as fixed-income securities and securities that are convertible into common stock). The Fund will primarily invest in common stocks of foreign and domestic issuers that the Fund's portfolio manager believes are likely to pay dividends and income and have the potential for above average capital appreciation and dividend increases.

It was the culmination of an eventful year for the market. The exuberant reaction to the passage of the Tax Cuts and Jobs Act resulted in the best January market return in over 20 years. January marked a new high of 2872 for the S&P 500. The remainder of the year can best be summarized as strong corporate earnings and broad U.S. economic strength, a sharp contrast to most major international economies who saw decelerating growth. U.S. GDP growth peaked at 4.2% in the second quarter and followed up with a solid 3.5% in the third quarter. The fourth quarter tracked somewhat weaker. The stronger U.S. economy, relative to other developed economies, and divergent global central bank policies resulted in a steadily increasing U.S. dollar over the course of the year. Despite increasing uncertainty around trade and tariff disputes, the relatively robust economic backdrop in 2018 gave the Federal Reserve cover to raise rates in March, June and September, as expected and with little resistance.

Selected holdings that contributed positively to performance in 2018 were: Davide Campari-Milano S.p.A (2.3% of net assets as of December 31, 2018), a leading beverage company which is currently the sixth largest player worldwide in the premium spirits industry. Sales of its key high margin brands drove net organic sales; Kikkoman Corp. (1.2%), a Japanese food manufacturer whose main products and services include soy sauce and food seasoning flavoring, which saw growth in its soy sauce and domestic soy milk segments drive margin expansion and lift profit growth; and Jardine Matheson Holdings Ltd. (1.1%), which through its subsidiaries engages in the motor vehicles and related operations, property investment and development, food retailing, home furnishings, engineering and construction, and transportation businesses. The company's year on year growth was in line with estimates.

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's annual and semiannual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website ([www.gabelli.com](http://www.gabelli.com)), and you will be notified by mail each time a report is posted and provided with a website link to access the report. If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. To elect to receive all future reports in paper free of charge, please contact your financial intermediary, or, if you invest directly with the Fund, you may call 800-422-3554 or send an email request to: [info@gabelli.com](mailto:info@gabelli.com).

Some of our weaker performing securities were: CNH Industrial NV. (2.9%), which designs, produces, and sells trucks, commercial vehicles, buses, special vehicles, agricultural, and construction equipment, and which saw revenue from the commercial vehicles, powertrain, and financial services segments decline year over year; Citigroup Inc. (1.2%), a global financial services company providing consumers, corporations, governments, and institutions with a broad range of financial products and services, and whose investment banking revenues disappointed and booked lower underwriting fees on lower market activity; and Weatherford International plc. (no longer held as of December 31, 2018), which operates as a multinational oilfield service company worldwide. It offers equipment and services used in the drilling, evaluation, completion, production, and intervention of oil and natural gas wells. The company's results were affected by lower activity in the United States and the Middle East along with unfavorable foreign exchange impacts.

Thank you for your investment in the Gabelli Global Rising Income and Dividend Fund. We appreciate your confidence and trust.

### Comparative Results

#### Average Annual Returns through December 31, 2018 (a) (Unaudited)

	1 Year	5 Year	10 Year	15 Year	Since Inception (2/3/94)
<b>Class AAA (GAGCX)</b> . . . . .	(14.02)%	2.29%	7.70%	3.14%	4.17%
ICE Bank of America Merrill Lynch Global 300 Convertible Index . . . . .	(0.31)	6.35	10.14	6.23	N/A(b)
MSCI World Index . . . . .	(8.71)	4.56	9.67	6.16	6.30(c)
Lipper Convertible Securities Fund Average . . . . .	(1.51)	4.06	10.52	6.05	7.09
<b>Class A (GAGAX)</b> . . . . .	(14.01)	2.26	7.68	3.15	4.19
With sales charge (d) . . . . .	(18.96)	1.05	7.04	2.75	3.93
<b>Class C (GACCX)</b> . . . . .	(14.65)	1.50	6.50	2.12	3.50
With contingent deferred sales charge (e) . . . . .	(15.51)	1.50	6.50	2.12	3.50
<b>Class I (GAGIX)</b> . . . . .	(13.44)	2.69	8.05	3.39	4.32

In the current prospectuses dated April 30, 2018, the gross expense ratios for Class AAA, A, C, and I Shares are 1.62%, 1.62%, 2.37%, and 1.37%, respectively, and the net expense ratios for these share classes after contractual reimbursements by Gabelli Funds, LLC, (the Adviser) are 1.62%, 1.62%, 2.37%, and 1.00%, respectively. See page 12 for expense ratios for the year ended December 31, 2108. Class AAA and Class I Shares do not have a sales charge. The maximum sales charge for Class A Shares and Class C Shares is 5.75% and 1.00%, respectively.

(a) Returns represent past performance and do not guarantee future results. Total returns and average annual returns reflect changes in share price, reinvestment of distributions, and are net of expenses. Investment returns and the principal value of an investment will fluctuate. When shares are redeemed, they may be worth more or less than their original cost. Current performance may be lower or higher than the performance data presented. Visit [www.gabelli.com](http://www.gabelli.com) for performance information as of the most recent month end. Returns would have been lower had the Adviser not reimbursed certain expenses of the Fund. The Fund imposes a 2% redemption fee on shares sold or exchanged within seven days after the date of purchase. Investors should carefully consider the investment objectives, risks, charges, and expenses of the Fund before investing. The prospectuses contain information about these and other matters and should be read carefully before investing. To obtain a prospectus, please visit our website at [www.gabelli.com](http://www.gabelli.com). Investing in foreign securities involves risks not ordinarily associated with investments in domestic issues, including currency fluctuation, economic, and political risks. The Class AAA Share NAVs are used to calculate performance for the periods prior to the issuance of Class A Shares, Class C Shares, and Class I Shares on May 2, 2001, November 26, 2001, and January 11, 2008, respectively. The actual performance of the Class A Shares and Class C Shares would have been lower due to the additional fees and expenses associated with these classes of shares. The actual performance of the Class I Shares would have been higher due to lower expenses related to this class of shares. The ICE Bank of America Merrill Lynch Global 300 Convertible Index is an unmanaged global convertible index composed of companies representative of the market structure of countries in North America, Europe, and the Asia/Pacific region. The MSCI World Index is a free float adjusted market capitalization weighted index that is designed to measure the equity market performance of developed markets. The Lipper Convertible Securities Fund Average reflects the average performance of mutual funds classified in this particular category. Dividends are considered reinvested. You cannot invest directly in an index.

(b) There are no data available for the ICE Bank of America Merrill Lynch Global 300 Convertible Index prior to December 31, 1994.

(c) MSCI World Index since inception performance is as of January 31, 1994.

(d) Performance results include the effect of the maximum 5.75% sales charge at the beginning of the period.

(e) Assuming payment of the 1% maximum contingent deferred sales charge imposed on redemptions made within one year of purchase.

**COMPARISON OF CHANGE IN VALUE OF A \$10,000 INVESTMENT IN  
THE GABELLI GLOBAL RISING INCOME AND DIVIDEND FUND (CLASS AAA SHARES),  
LIPPER CONVERTIBLE SECURITIES FUND AVERAGE, AND MSCI WORLD INDEX (Unaudited)**

\* Past performance is not predictive of future results. The performance tables and graph do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

## The Gabelli Global Rising Income and Dividend Fund Disclosure of Fund Expenses (Unaudited)

For the Six Month Period from July 1, 2018 through December 31, 2018

## Expense Table

We believe it is important for you to understand the impact of fees and expenses regarding your investment. All mutual funds have operating expenses. As a shareholder of a fund, you incur ongoing costs, which include costs for portfolio management, administrative services, and shareholder reports (like this one), among others. Operating expenses, which are deducted from a fund's gross income, directly reduce the investment return of a fund. When a fund's expenses are expressed as a percentage of its average net assets, this figure is known as the expense ratio. The following examples are intended to help you understand the ongoing costs (in dollars) of investing in your Fund and to compare these costs with those of other mutual funds. The examples are based on an investment of \$1,000 made at the beginning of the period shown and held for the entire period.

The Expense Table below illustrates your Fund's costs in two ways:

**Actual Fund Return:** This section provides information about actual account values and actual expenses. You may use this section to help you to estimate the actual expenses that you paid over the period after any fee waivers and expense reimbursements. The "Ending Account Value" shown is derived from the Fund's **actual** return during the past six months, and the "Expenses Paid During Period" shows the dollar amount that would have been paid by an investor who started with \$1,000 in the Fund. You may use this information, together with the amount you invested, to estimate the expenses that you paid over the period.

To do so, simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number given for your Fund under the heading "Expenses Paid During Period" to estimate the expenses you paid during this period.

**Hypothetical 5% Return:** This section provides information about hypothetical account values and

hypothetical expenses based on the Fund's actual expense ratio. It assumes a hypothetical annualized return of 5% before expenses during the period shown. In this case – because the hypothetical return used is **not** the Fund's actual return – the results do not apply to your investment and you cannot use the hypothetical account value and expense to estimate the actual ending account balance or expenses you paid for the period. This example is useful in making comparisons of the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in shareholder reports of other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs such as sales charges (loads), redemption fees, or exchange fees, if any, which are described in the Prospectus. If these costs were applied to your account, your costs would be higher. Therefore, the 5% hypothetical return is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. The "Annualized Expense Ratio" represents the actual expenses for the last six months and may be different from the expense ratio in the Financial Highlights which is for the year ended December 31, 2018.

	Beginning Account Value 07/01/18	Ending Account Value 12/31/18	Annualized Expense Ratio	Expenses Paid During Period*
<b><i>The Gabelli Global Rising Income and Dividend Fund</i></b>				
<b>Actual Fund Return</b>				
Class AAA	\$1,000.00	\$ 892.30	1.75%	\$ 8.35
Class A	\$1,000.00	\$ 892.60	1.73%	\$ 8.25
Class C	\$1,000.00	\$ 889.10	2.49%	\$11.86
Class I	\$1,000.00	\$ 895.70	1.01%	\$ 4.83
<b>Hypothetical 5% Return</b>				
Class AAA	\$1,000.00	\$1,016.38	1.75%	\$ 8.89
Class A	\$1,000.00	\$1,016.48	1.73%	\$ 8.79
Class C	\$1,000.00	\$1,012.65	2.49%	\$12.63
Class I	\$1,000.00	\$1,020.11	1.01%	\$ 5.14

\* Expenses are equal to the Fund's annualized expense ratio for the last six months multiplied by the average account value over the period, multiplied by the number of days in the most recent fiscal half year (184 days), then divided by 365.

## Summary of Portfolio Holdings (Unaudited)

The following table presents portfolio holdings as a percent of net assets as of December 31, 2018:

### The Gabelli Global Rising Income and Dividend Fund

† Total return represents aggregate total return of a hypothetical \$1,000 investment at the beginning of the year and sold at the end of the year including reinvestment of distributions and does not reflect the applicable sales charges.

(a) Per share amounts have been calculated using the average shares outstanding method.

(b) Amount represents less than \$0.005 per share.

(c) The Fund incurred interest expense during the year ended December 31, 2014. If interest expense had not been incurred, the ratios of operating expenses to average net assets would have been 2.00% (Class AAA and Class A), 2.76% (Class C), and 1.76% (Class I). For the years ended December 31, 2018, 2017, 2016, and 2015, the effect of the interest expense was minimal.

(d) The Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. During the years ended December 31, 2018, 2017 and 2016, there was no impact to the expenses ratio. For the year ended December 31, 2015, if credits had not been incurred, the ratios of operating expenses to average net assets would have been 1.76% (Class AAA and Class A), 2.51% (Class C), and 1.51% (Class I).

(e) During the year ended December 31, 2016, the Fund received reimbursements of custody expenses paid in prior years. Had such reimbursement (allocated by relative net asset values of the Fund's share classes) been included in this period, the expense ratio would have been 1.46% (Class AAA), 1.44% (Class A), 2.20% (Class C), and 1.10% (Class I).

(f) Under an expense deferral agreement with the Adviser, the Adviser recovered from the Fund \$62,315 for the year ended December 31, 2015, representing previously reimbursed expenses from the Adviser. Had such payment not been made, the expense ratio would have been 1.61% (Class AAA and Class A), 2.36% (Class C), and 1.36% (Class I).

(g) Under an expense reimbursement agreement with the Adviser, the Adviser reimbursed certain Class I expenses to the Fund of \$211,071, \$175,468, and \$36,018 for the years ended December 31, 2018, 2017, and 2016, respectively.

See accompanying notes to financial statements.

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements

---

**1. Organization.** The Gabelli Global Rising Income and Dividend Fund, a series of GAMCO Global Series Funds, Inc. (the Corporation), was incorporated on July 16, 1993 in Maryland. The Fund is a non-diversified open-end management investment company registered under the Investment Company Act of 1940, as amended (the 1940 Act), and one of five separately managed portfolios (collectively, the Portfolios) of the Corporation. The Fund's primary objective is to obtain a high level of total return through a combination of income and capital appreciation. The Fund commenced investment operations on February 3, 1994.

**2. Significant Accounting Policies.** As an investment company, the Fund follows the investment company accounting and reporting guidance, which is part of U.S. generally accepted accounting principles (GAAP) that may require the use of management estimates and assumptions in the preparation of its financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

**New Accounting Pronouncements.** The SEC recently adopted changes to Regulation S-X to simplify the reporting of information by registered investment companies in financial statements. The amendments require presentation of the total, rather than the components, of distributable earnings on the Statement of Assets and Liabilities and also require presentation of the total, rather than the components, of distributions to shareholders, except for tax return of capital distributions, if any, on the Statement of Changes in Net Assets. The amendments also removed the requirement for parenthetical disclosure of undistributed net investment income on the Statement of Changes in Net Assets. These Regulation S-X amendments are reflected in the Fund's financial statements for the year ended December 31, 2018. As a result of adopting these amendments, the distributions to shareholders in the December 31, 2017 Statement of Changes in Net Assets presented herein have been reclassified to conform to the current year presentation.

To improve the effectiveness of fair value disclosure requirements, the Financial Accounting Standards Board recently issued Accounting Standard Update (ASU) 2018-13, Fair Value Measurement Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13), which adds, removes, and modifies certain aspects relating to fair value disclosure. ASU 2018-13 is effective for interim and annual reporting periods beginning after December 15, 2019; early adoption of the additions relating to ASU 2018-13 is not required, even if early adoption is elected for the removals under ASU 2018-13. Management has early adopted the removals set forth in ASU 2018-13 in these financial statements and has not early adopted the additions set forth in ASU 2018-13.

**Security Valuation.** Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Directors (the Board) so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the Adviser).

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

---

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market, but prior to the close of business on the day the securities are being valued. Debt obligations for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. Such debt obligations are valued through prices provided by a pricing service approved by the Board. Certain securities are valued principally using dealer quotations.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American Depositary Receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

The Fund employs a fair value model to adjust prices to reflect events affecting the values of certain portfolio securities which occur between the close of trading on the principal market for such securities (foreign exchanges and over-the-counter markets) at the time when net asset values of the Fund are determined. If the Fund's valuation committee believes that a particular event would materially affect net asset value, further adjustment is considered.

The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

- Level 1 — quoted prices in active markets for identical securities;
- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Board's determinations as to the fair value of investments).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input both individually and in the aggregate that is significant to the fair value measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

The summary of the Fund's investments in securities by inputs used to value the Fund's investments as of December 31, 2018 is as follows:

	Valuation Inputs			Total Market Value at 12/31/18
	Level 1 Quoted Prices	Level 2 Other Significant Observable Inputs	Level 3 Significant Unobservable Inputs	
<b>INVESTMENTS IN SECURITIES:</b>				
<b>ASSETS (Market Value):</b>				
Common Stocks:				
Energy and Utilities	\$ 2,045,903	—	\$ 0	\$ 2,045,903
Other Industries (a)	45,097,591	—	—	45,097,591
Total Common Stocks	47,143,494	—	—	47,143,494
Convertible Corporate Bonds (a)	—	\$124,585	—	124,585
U.S. Government Obligations	—	328,606	—	328,606
<b>TOTAL INVESTMENTS IN SECURITIES – ASSETS</b>	<b>\$47,143,494</b>	<b>\$453,191</b>	<b>\$ 0</b>	<b>\$47,596,685</b>

(a) Please refer to the Schedule of Investments for the industry classifications of these portfolio holdings.

The Fund did not have any transfers into or out of Level 3 during the year ended December 31, 2018. The Fund's policy is to recognize transfers among Levels as of the beginning of the reporting period.

#### Additional Information to Evaluate Qualitative Information.

**General.** The Fund uses recognized industry pricing services – approved by the Board and unaffiliated with the Adviser – to value most of its securities, and uses broker quotes provided by market makers of securities not valued by these and other recognized pricing sources. Several different pricing feeds are received to value domestic equity securities, international equity securities, preferred equity securities, and fixed income securities. The data within these feeds are ultimately sourced from major stock exchanges and trading systems where these securities trade. The prices supplied by external sources are checked by obtaining quotations or actual transaction prices from market participants. If a price obtained from the pricing source is deemed unreliable, prices will be sought from another pricing service or from a broker/dealer that trades that security or similar securities.

**Fair Valuation.** Fair valued securities may be common or preferred equities, warrants, options, rights, or fixed income obligations. Where appropriate, Level 3 securities are those for which market quotations are not available, such as securities not traded for several days, or for which current bids are not available, or which are restricted as to transfer. When fair valuing a security, factors to consider include recent prices of comparable securities that are publicly traded, reliable prices of securities not publicly traded, the use of valuation models, current analyst reports, valuing the income or cash flow of the issuer, or cost if the preceding factors do not apply. A significant change in the unobservable inputs could result in a lower or higher value in Level 3 securities. The circumstances of Level 3 securities are frequently monitored to determine if fair valuation measures continue to apply.

The Adviser reports quarterly to the Board the results of the application of fair valuation policies and procedures. These may include backtesting the prices realized in subsequent trades of these fair valued securities to fair values previously recognized.

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

---

**Derivative Financial Instruments.** The Fund may engage in various portfolio investment strategies by investing in derivative financial instruments for the purposes of increasing the income of the Fund, hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase, or hedging against a specific transaction with respect to either the currency in which the transaction is denominated or another currency. Investing in certain derivative financial instruments, including participation in the options, futures, or swap markets, entails certain execution, liquidity, hedging, tax, and securities, interest, credit, or currency market risks. Losses may arise if the Adviser's prediction of movements in the direction of the securities, foreign currency, and interest rate markets is inaccurate. Losses may also arise if the counterparty does not perform its duties under a contract, or that, in the event of default, the Fund may be delayed in or prevented from obtaining payments or other contractual remedies owed to it under derivative contracts. The creditworthiness of the counterparties is closely monitored in order to minimize these risks. Participation in derivative transactions involves investment risks, transaction costs, and potential losses to which the Fund would not be subject absent the use of these strategies. The consequences of these risks, transaction costs, and losses may have a negative impact on the Fund's ability to pay distributions.

Collateral requirements differ by type of derivative. Collateral requirements are set by the broker or exchange clearing house for exchange traded derivatives, while collateral terms are contract specific for derivatives traded over-the-counter. Securities pledged to cover obligations of the Fund under derivative contracts, if any, are noted in the Schedule of Investments. Cash collateral, if any, pledged for the same purpose will be reported separately in the Statement of Assets and Liabilities.

The Fund's policy with respect to offsetting is that, absent an event of default by the counterparty or a termination of the agreement, the master agreement does not result in an offset of reported amounts of financial assets and financial liabilities in the Statement of Assets and Liabilities across transactions between the Fund and the applicable counterparty. The enforceability of the right to offset may vary by jurisdiction.

The Fund's derivative contracts held at December 31, 2018, if any, are not accounted for as hedging instruments under GAAP and are disclosed in the Schedule of Investments together with the related counterparty.

**Forward Foreign Exchange Contracts.** The Fund may engage in forward foreign exchange contracts for the purpose of hedging a specific transaction with respect to either the currency in which the transaction is denominated or another currency as deemed appropriate by the Adviser. Forward foreign exchange contracts are valued at the forward rate and are marked-to-market daily. The change in market value is included in unrealized appreciation/depreciation on investments and foreign currency translations. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The use of forward foreign exchange contracts does not eliminate fluctuations in the underlying prices of the Fund's portfolio securities, but it does establish a rate of exchange that can be achieved in the future. Although forward foreign exchange contracts limit the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might result should the value of the currency increase. As of December 31, 2018, the Fund held no forward foreign exchange contracts.

**Securities Sold Short.** The Fund may enter into short sale transactions. Short selling involves selling securities that may or may not be owned and, at times, borrowing the same securities for delivery to the purchaser, with

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

---

an obligation to replace such borrowed securities at a later date. The proceeds received from short sales are recorded as liabilities and the Fund records an unrealized gain or loss to the extent of the difference between the proceeds received and the value of an open short position on the day of determination. The Fund records a realized gain or loss when the short position is closed out. By entering into a short sale, the Fund bears the market risk of an unfavorable change in the price of the security sold short. Dividends on short sales are recorded as an expense by the Fund on the ex-dividend date and interest expense is recorded on the accrual basis. The broker retains collateral for the value of the open positions, which is adjusted periodically as the value of the position fluctuates. At December 31, 2018, there were no short sales outstanding.

**Foreign Currency Translations.** The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/depreciation on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

**Foreign Securities.** The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the inability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. issuers.

**Foreign Taxes.** The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

**Restricted Securities.** The Fund may invest up to 15% of its net assets in securities for which the markets are restricted. Restricted securities include securities whose disposition is subject to substantial legal or contractual restrictions. The sale of restricted securities often requires more time and results in higher brokerage charges or dealer discounts and other selling expenses than does the sale of securities eligible for trading on national securities exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and accordingly the Board will monitor their liquidity. For the restricted securities the Fund held as of December 31, 2018, if any, refer to the Schedule of Investments.

**Securities Transactions and Investment Income.** Securities transactions are accounted for on the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

amortization of premium and accretion of discount) is recorded on the accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date, except for certain dividends from foreign securities that are recorded as soon after the ex-dividend date as the Fund becomes aware of such dividends.

**Determination of Net Asset Value and Calculation of Expenses.** Certain administrative expenses are common to, and allocated among, various affiliated funds. Such allocations are made on the basis of each fund's average net assets or other criteria directly affecting the expenses as determined by the Adviser pursuant to procedures established by the Board.

In calculating the NAV per share of each class, investment income, realized and unrealized gains and losses, redemption fees, and expenses other than class specific expenses are allocated daily to each class of shares based upon the proportion of net assets of each class at the beginning of each day. Distribution expenses are borne solely by the class incurring the expense.

**Distributions to Shareholders.** Distributions to shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, timing differences, and differing characterizations of distributions made by the Fund. Distributions from net investment income for federal income tax purposes include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. Permanent differences were primarily due to reversals of mark-to-market relating to investments considered no longer to be passive foreign investments, reclasses of realized foreign currency and redesignation of dividends paid. These reclassifications have no impact on the NAV of the Fund.

The tax character of distributions paid during the years ended December 31, 2018 and 2017 were as follows:

	<u>Year Ended</u> <u>December 31, 2018</u>	<u>Year Ended</u> <u>December 31, 2017</u>
<b>Distributions paid from:</b>		
Ordinary income (inclusive of short term capital gains) .....	\$ 718,621	\$ 922,020
Net long term capital gains .....	375,120	248,661
Return of Capital .....	—	44,568
Total distributions paid .....	<u>\$1,093,741</u>	<u>\$1,215,249</u>

**Provision for Income Taxes.** The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the Code). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for federal income taxes is required.

At December 31, 2018, the components of accumulated earnings/losses on a tax basis were as follows:

Undistributed long term capital gains .....	\$ 14,527
Net unrealized appreciation on investments and foreign currency translations .....	<u>2,553,382</u>
Total .....	<u>\$2,567,909</u>

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

The Fund is permitted to carry capital losses forward for an unlimited period. Capital losses that are carried forward will retain their character as either short term or long term capital losses.

At December 31, 2018, the temporary differences between book basis and tax basis unrealized appreciation were primarily due to deferral of losses from wash sales for tax purposes, mark-to-market adjustments on investments in passive foreign investment companies.

The following summarizes the tax cost of investments and the related net unrealized appreciation at December 31, 2018:

	<u>Cost/ (Proceeds)</u>	<u>Gross Unrealized Appreciation</u>	<u>Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation</u>
Investments. . . . .	\$45,042,930	\$8,527,932	\$(5,974,177)	\$2,553,755

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed not to meet the more-likely-than-not threshold. As of December 31, 2018, the Adviser has reviewed all open tax years and concluded that there was no impact to the Fund's net assets or results of operations. The Fund's federal and state tax returns for the prior three fiscal years remain open, subject to examination. On an ongoing basis, the Adviser will monitor the Fund's tax positions to determine if adjustments to this conclusion are necessary.

**3. Investment Advisory Agreement and Other Transactions.** The Fund has entered into an investment advisory agreement (the Advisory Agreement) with the Adviser which provides that the Fund will pay the Adviser a fee, computed daily and paid monthly, at the annual rate of 1.00% of the value of its average daily net assets. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund's portfolio, oversees the administration of all aspects of the Fund's business and affairs, and pays the compensation of all Officers and Directors of the Fund who are affiliated persons of the Adviser.

The Adviser has contractually agreed to waive its investment advisory fee and/or to reimburse expenses of the Fund to the extent necessary to maintain the annualized total operating expenses of the Fund (excluding brokerage, acquired fund fees and expenses, interest, taxes, and extraordinary expenses) until at least April 30, 2020, at no more than 2.00%, 2.00%, 2.75%, and 1.00% of the value of the Fund's average daily net assets for Class AAA, Class A, Class C, and Class I Shares, respectively. The agreement is renewable annually. For the year ended December 31, 2018, the Adviser reimbursed certain Class I expenses in the amount of \$211,071. In addition, the Fund has agreed, during the two year period following any waiver or reimbursement by the Adviser, to repay such amount to the extent, after giving effect to the repayment, such adjusted annualized total operating expenses of the Fund would not exceed the foregoing expense limitations of the value of the Fund's average daily net assets for Class AAA, Class A, Class C, and Class I Shares. At December 31, 2018, the cumulative amount which the Class I Shares may repay the Adviser, subject to the terms above, is \$386,539:

For the year ended December 31, 2017, expiring December 31, 2019 . . . . .	\$175,468
For the year ended December 31, 2018, expiring December 31, 2020 . . . . .	211,071
	<u>\$386,539</u>

The Corporation pays each Director who is not considered to be an affiliated person an annual retainer of \$6,000 plus \$1,000 for each Board meeting attended, and they are reimbursed for any out of pocket expenses

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

---

incurred in attending meetings. All Board committee members receive \$1,000 per meeting attended. The Chairman of the Audit Committee receives an annual fee of \$3,000, and the Lead Director receives an annual fee of \$2,000. A Director may receive a single meeting fee, allocated among the participating funds, for attending certain meetings held on behalf of multiple funds. Directors who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Corporation.

**4. Distribution Plan.** The Fund's Board has adopted a distribution plan (the Plan) for each class of shares, except for Class I Shares, pursuant to Rule 12b-1 under the 1940 Act. Under the Class AAA, Class A, and Class C Share Plans, payments are authorized to G.distributors, LLC (the Distributor), an affiliate of the Adviser, at annual rates of 0.25%, 0.25%, and 1.00%, respectively, of the average daily net assets of those classes, the annual limitations under each Plan. Such payments are accrued daily and paid monthly.

**5. Portfolio Securities.** Purchases and sales of securities during the year ended December 31, 2018, other than short term securities and U.S. Government obligations, aggregated \$11,723,553 and \$10,857,450, respectively.

**6. Transactions with Affiliates and Other Arrangements.** During the year ended December 31, 2018, the Fund paid brokerage commissions on security trades of \$7,125 to G.research, LLC, an affiliate of the Adviser. Additionally, the Distributor retained a total of \$5,586 from investors representing commissions (sales charges and underwriting fees) on sales and redemptions of Fund shares.

The Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. The amount of such expenses paid through this directed brokerage arrangement during this period was \$1,757.

The cost of calculating the Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement. During the year ended December 31, 2018, the Fund accrued \$45,000 in accounting fees in the Statement of Operations.

**7. Line of Credit.** The Fund participates in an unsecured line of credit which expires on March 6, 2019 and may be renewed annually, of up to \$75,000,000 under which it may borrow up to 10% of its net assets from the custodian for temporary borrowing purposes. Borrowings under this arrangement bear interest at a floating rate equal to the higher of the overnight Federal Funds rate plus 125 basis points or the 30 day ICE LIBOR plus 125 basis points in effect on that day. This amount, if any, would be included in "Interest expense" in the Statement of Operations. During the year ended December 31, 2018, there were no borrowings under the line of credit.

The average daily amount of borrowings outstanding under the line of credit during the year ended December 31, 2018 was \$56,770, with a weighted average interest rate of 3.37%. The maximum amount borrowed at any time during the year ended December 31, 2018 was \$1,816,000.

**8. Capital Stock.** The Fund offers four classes of shares – Class AAA Shares, Class A Shares, Class C Shares, and Class I Shares. Class AAA and Class I Shares are offered without a sales charge. Class A Shares are subject to a maximum front-end sales charge of 5.75%, and Class C Shares are subject to a 1.00% contingent deferred sales charge for one year after purchase.

The Fund imposes a redemption fee of 2.00% on all classes of shares that are redeemed or exchanged on or before the seventh day after the date of a purchase. The redemption fee is deducted from the proceeds

## The Gabelli Global Rising Income and Dividend Fund

### Notes to Financial Statements (Continued)

otherwise payable to the redeeming shareholders and is retained by the Fund as an increase in paid-in capital. The redemption fees retained by the Fund during the years ended December 31, 2018 and 2017, if any, can be found in the Statement of Changes in Net Assets under Redemption Fees.

Transactions in shares of capital stock were as follows:

	Year Ended December 31, 2018		Year Ended December 31, 2017	
	Shares	Amount	Shares	Amount
<b>Class AAA</b>				
Shares sold .....	17,059	\$ 459,298	95,643	\$ 2,480,225

Shares redeemed .....	(784,393)	(21,174,915)	(175,822)	(4,503,655)
Net increase/(decrease) .....	(490,722)	\$(13,404,542)	546,504	\$14,154,937

**9. Significant Shareholder.** As of December 31, 2018, approximately 74.2% of the Fund was beneficially owned by the Adviser and its affiliates, including managed accounts for which the affiliates of the Adviser have voting control but disclaim pecuniary interest.

**10. Indemnifications.** The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

**11. Subsequent Events.** Management has evaluated the impact on the Fund of all subsequent events occurring through the date the financial statements were issued and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

# The Gabelli Global Rising Income and Dividend Fund

## Report of Independent Registered Public Accounting Firm

---

To the Shareholders and the Board of Directors of  
The Gabelli Global Rising Income and Dividend Fund

### Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of The Gabelli Global Rising Income and Dividend Fund (the "Fund") (one of the funds constituting GAMCO Global Series Funds, Inc. (the "Corporation")), including the schedule of investments, as of December 31, 2018, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund (one of the funds constituting GAMCO Global Series Funds, Inc.) at December 31, 2018, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and its financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

### Basis for Opinion

These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Corporation in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Corporation is not required to have, nor were we engaged to perform, an audit of the Corporation's internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2018, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

The logo for Ernst & Young LLP, featuring the company name in a blue, cursive script font.

We have served as the auditor of one or more Gabelli/GAMCO Funds investment companies since 1992.

Philadelphia, Pennsylvania  
February 28, 2019

## The Gabelli Global Rising Income and Dividend Fund

### Board Consideration and Re-Approval of Investment Advisory Agreement (Unaudited)

During the six months ended December 31, 2018, the Board of Directors of the Corporation approved the continuation of the investment advisory agreement with the Adviser for the Fund on the basis of the recommendation by the directors (the Independent Board Members) who are not interested persons of the Fund. The following paragraphs summarize the material information and factors considered by the Independent Board Members as well as their conclusions relative to such factors.

***Nature, Extent, and Quality of Services.*** The Independent Board Members considered information regarding the portfolio managers, the depth of the analyst pool available to the Adviser and the Fund's portfolio managers, the scope of supervisory, administrative, shareholder and other services supervised or provided by the Adviser and the absence of significant service problems reported to the Board. The Independent Board Members noted the experience, length of service and reputation of the Fund's portfolio managers.

***Investment Performance.*** The Independent Board Members reviewed the short, medium, and long term performance of the Fund (as of September 30, 2018) against a peer group of seven other comparable funds prepared by the Adviser (the Adviser Peer Group), and against a peer group prepared by Broadridge (the Broadridge Performance Peer Group) consisting of all retail and institutional global equity income funds, regardless of asset size or primary channel of distribution, as represented by the Lipper Global Equity Income Fund Index. The Independent Board Members noted that the Fund's performance was in the fourth (lowest) quartile for the one and ten year periods, and the third quartile for the three and five year periods, as measured against the Adviser Peer Group. Against the Broadridge Performance Peer Group, the Independent Board Members noted that the Fund's performance was in the first quintile for the one year period and the fifth quintile for the three and five year periods. The Independent Board Members discussed the peer groups in relation to the Fund's shift in strategy several years ago, and also noted the resulting limited utility of the five year peer performance comparison.

***Profitability.*** The Independent Board Members reviewed summary data regarding the profitability of the Fund to the Adviser both with a pro rata administrative overhead charge and with a stand alone administrative charge. The Independent Board Members also noted that a portion of the Fund's portfolio transactions were executed by an affiliated broker of the Adviser and that another affiliated broker of the Adviser received distribution fees and minor amounts of sales commissions.

***Economies of Scale.*** The Independent Board Members discussed the major elements of the Adviser's cost structure, the relationship of those elements to potential economies of scale and reviewed data provided by the Adviser.

***Sharing of Economies of Scale.*** The Independent Board Members noted that the investment management fee schedule for the Fund does not take into account any potential economies of scale that may develop.

***Service and Cost Comparisons.*** The Independent Board Members compared the expense ratios of the investment management fee, other expenses and total expenses of the Fund to similar expense ratios of the Adviser Peer Group and a peer group of nine other global equity income funds selected by Broadridge (the Broadridge Expense Peer Group), and noted that the Adviser's management fee includes substantially all administrative services of the Fund as well as investment advisory services. The Board Members noted that the Fund's total expense ratio was the highest in the Adviser Peer Group and second highest in the Broadridge Expense Peer Group and that, although the Fund's size was significantly lower than the average of the Adviser Peer Group, the Fund's size was only slightly lower than the average of the Broadridge Expense Peer Group. The Independent

## The Gabelli Global Rising Income and Dividend Fund

### Board Consideration and Re-Approval of Investment Advisory Agreement (Unaudited) (Continued)

Board Members also noted that the advisory fee structure was the same as that in effect for most of the Gabelli funds. The Independent Board Members were presented with, but did not consider to be material to their decision, various information comparing the advisory fee to the fee for other types of accounts managed by the Adviser.

**Conclusions.** The Independent Board Members concluded that the Fund enjoyed highly experienced portfolio management services, good ancillary services and had an acceptable performance record since it had substantially changed its investment focus in 2014. The Independent Board Members also concluded that the Fund's expense ratios and profitability to the Adviser were reasonable, and that economies of scale were not a significant factor in their thinking at this time. The Board Members did not view the potential profitability of ancillary services as material to their decision. On the basis of the foregoing and without assigning particular weight to any single conclusion, the Independent Board Members determined to recommend continuation of the investment management agreement to the full Board.

Based on a consideration of all these factors in their totality, the Board Members, including all of the Independent Board Members, determined that the Fund's advisory fee was fair and reasonable with respect to the quality of services provided and in light of the other factors described above that the Board deemed relevant. Accordingly, the Board Members determined to approve the continuation of the Fund's Advisory Agreement. The Board Members based their decision on evaluations of all these factors as a whole and did not consider any one factor as all-important or controlling.

## The Gabelli Global Rising Income and Dividend Fund Additional Fund Information (Unaudited)

The business and affairs of the Fund are managed under the direction of the Corporation's Board of Directors. Information pertaining to the Directors and officers of the Fund is set forth below. <sup>1</sup> Address: One Corporate Center, Rye, NY 10580-1422, unless otherwise noted.

<sup>2</sup> Each Director will hold office for an indefinite term until the earliest of (i) the next meeting of shareholders, if any, called for the purpose of considering the election or re-election of such Director and until the election and qualification of his or her successor, if any, elected at such meeting, or (ii) the date a Director resigns or retires, or a Director is removed by the Board of Directors or shareholders, in accordance with the Corporation's By-Laws and Articles of Incorporation. For officers, includes time served in prior officer positions with the Fund. Each officer will hold office for an indefinite term until the date he or she resigns or retires or until his or her successor is elected and qualified.

<sup>3</sup> This column includes only directorships of companies required to report to the SEC under the Securities Exchange Act of 1934, as amended, i.e., public companies, or other investment companies registered under the 1940 Act.

<sup>4</sup> "Interested person" of the Corporation as defined in the 1940 Act. Messrs. Mario J. Gabelli and John D. Gabelli, who are brothers, are each considered an "interested person" because of their affiliation with Gabelli Funds, LLC which acts as the Corporation's investment adviser.

<sup>5</sup> Directors who are not interested persons are considered "Independent" Directors.

<sup>6</sup> Mr. van Ekris is an independent director of Gabelli International Ltd., Gabelli Fund LDC, Gama Capital Opportunities Master Ltd., and GAMCO International SICAV, all of which may be deemed to be controlled by Mario J. Gabelli and/or affiliates and, in that event, would be deemed to be under common control with the Fund's Adviser.

**One Corporate Center**  
**Rye, NY 10580-1422**

**Portfolio Manager Biography**

**Mario J. Gabelli, CFA**, is Chairman, Chief Executive Officer, and Chief Investment Officer - Value Portfolios of GAMCO Investors, Inc. that he founded in 1977, and Chief Investment Officer - Value Portfolios of Gabelli Funds, LLC and GAMCO Asset Management Inc. He is also Executive Chairman of Associated Capital Group, Inc. Mr. Gabelli is a summa cum laude graduate of Fordham University and holds an MBA degree from Columbia Business School and Honorary Doctorates from Fordham University and Roger Williams University.

**2018 TAX NOTICE TO SHAREHOLDERS (Unaudited)**

For the year ended December 31, 2018, the Fund paid to shareholders ordinary income distributions (comprised of net investment income) totaling \$0.193, \$0.205, \$0.027, and \$0.395 per share for Class AAA, Class A, Class C, and Class I Shares, respectively, and long term capital gains totaling \$375,120, or the maximum allowable. For the year ended December 31, 2018, 72.39% of the ordinary income distribution qualifies for the dividends received deduction available to corporations. The Fund designates 100% of the ordinary income distribution as qualified dividend income pursuant to the Jobs and Growth Tax Relief Reconciliation Act of 2003. The Fund designates 10.63% of the ordinary income distribution as qualified interest income pursuant to the Tax Relief, Unemployment Reauthorization, and Job Creation Act of 2010. Also for the year 2018, the Fund passed through foreign tax credits of \$0.029, \$0.029, \$0.029, and \$0.029 per share to Class AAA, Class A, Class C, and Class I Shares, respectively.

**U.S. Government Income:**

The percentage of the ordinary income distribution paid by the Fund during the year ended December 31, 2018 which was derived from U.S. Treasury securities was 7.27%. Such income is exempt from state and local tax in all states. However, many states, including New York and California, allow a tax exemption for a portion of the income earned only if a mutual fund has invested at least 50% of its assets at the end of each quarter of the Fund's fiscal year in U.S. Government securities. The Fund did not meet this strict requirement in 2018. The percentage of U.S. Government securities held as of December 31, 2018 was 0.69%. Due to the diversity in state and local tax law, it is recommended that you consult your personal tax adviser as to the applicability of the information provided to your specific situation.

All designations are based on financial information available as of the date of this annual report and, accordingly, are subject to change. For each item, it is the intention of the Fund to designate the maximum amount permitted under the Internal Revenue Code and the regulations thereunder.

We have separated the portfolio manager's commentary from the financial statements and investment portfolio due to corporate governance regulations stipulated by the Sarbanes-Oxley Act of 2002. We have done this to ensure that the content of the portfolio manager's commentary is unrestricted. Both the commentary and the financial statements, including the portfolio of investments, will be available on our website at [www.gabelli.com](http://www.gabelli.com).
