Ordinary income is reported in box 1a and qualified income is reported in box 1b of Form 1099-DIV. Capital gain distributions are subject to a maximum Federal tax rate of 15% for individual taxable accounts (or zero depending on an individual's tax bracket). - (a) Distributions from net investment income and short-term capital gains are taxable as ordinary income and will appear on Form 1099-DIV under Total ordinary dividends in box 1a.
- (b) Taxable as long-term capital gains reportable in column (h), line 13 on Form 1040, Schedule D. Since there were no retained capital gains in 2011, Form 2439 will not be necessary.
- (c) Non-taxable distribution of capital which will appear on Form 1099-DIV under Nondividend distributions in box 3. The tax basis of a shareholder's investment should be reduced by the same amount.
- (d) Certain states require that 50% of the Fund's portfolio be invested in U.S. Government Securities at the end of each calendar quarter to allow "pass-through" treatment of income derived from U.S. Government Securities. The Fund did not meet this strict requirement in 2011.
