The Funds' share price will fluctuate with changes in the market value of the Funds' portfolio securities. Stocks are subject to market, economic, and business risks that cause their prices to fluctuate. When you sell Fund shares, they may be worth less than what you paid for them. Consequently, you can lose money by investing in the Funds.

Investors should carefully consider the investment objectives, risks, sales charges, and expenses of the Funds before investing. The prospectuses and summary prospectuses contain information about these and other matters and should be read carefully before investing.
