**THE GABELLI DIVIDEND & INCOME TRUST
CONTINUES MONTHLY DISTRIBUTIONS OF
\$0.10 PER SHARE FOR APRIL AND MAY AND
\$0.11 PER SHARE FOR JUNE**

Rye, NY -- The Board of Trustees of The Gabelli Dividend & Income Trust (NYSE:GDV) approved the continuation of monthly cash distributions of \$0.10 per share for April and May 2008 and \$0.11 per share for June 2008.

The distribution for April 2008 will be payable on April 24, 2008 to common shareholders of record on April 16, 2008.

The distribution for May 2008 will be payable on May 23, 2008 to common shareholders of record on May 15, 2008.

The distribution for June 2008 will be payable on June 24, 2008 to common shareholders of record on June 16, 2008.

Under the Fund's distribution policy, the Fund pays a minimum annual distribution of 6% of the initial public offering price of \$20.00 per share. Pursuant to this policy, the Fund pays a distribution of \$0.10 per share in the first two months of a quarter and \$0.11 per share in the third month of a quarter and, if necessary, an adjusting distribution in December which includes any additional income and net realized capital gains in excess of the monthly distributions for that year to satisfy the minimum distribution requirements of the Internal Revenue Code. Each quarter, the Board of Trustees reviews the amount of any potential distribution and the income, capital gain, or capital available. The Fund's distribution policy is subject to modification by the Board of Trustees at any time.

A portion of the distribution may be treated as long-term capital gain and qualified dividend income for individuals, each subject to the maximum federal income tax rate, which is currently 15% in taxable accounts for individuals. If the Fund does not generate earnings from dividends and interest received and net realized capital gains equal to or in excess of the aggregate distributions paid by the Fund in a given year, then the amount distributed in excess of the Fund's investment income and net realized capital gains would be deemed a non-taxable return of capital.

Long-term capital gains, qualified dividend income, ordinary income, and paid-in capital, if any, will be allocated on a pro-rata basis to all distributions to common shareholders for the year. Based on the accounting records of the Fund as of February 29, 2008, the date of this press release, each of the distributions paid in 2008 would include approximately 29% from net investment income, 41% from net capital gains, and 30% from paid-in capital. The estimated components of each distribution are provided to shareholders of record in a notice accompanying the distribution and are available on our website (www.gabelli.com). The final determination of the sources of all distributions in 2008 will be made after year end and can vary from the monthly estimates. All shareholders with taxable accounts will receive written notification regarding the components and tax treatment for all 2008 distributions in early 2009 via Form 1099-DIV.

The Gabelli Dividend & Income Trust is a non-diversified, closed-end management investment company with \$2.3 billion in total assets whose primary investment objective is to provide a high level of total return with an emphasis on dividends and income.
