GABELLI GLOBAL GOLD, NATURAL RESOURCES & INCOME TRUST DECLARES \$0.4140625 QUARTERLY DIVIDEND FOR ITS 6.625% SERIES A CUMULATIVE PREFERRED SHARES

Rye, NY -- The Board of Trustees of The Gabelli Global Gold, Natural Resources & Income Trust (Amex:GGN) (the "Fund") declared a \$0.4140625 per share cash distribution payable on June 26, 2008 to Series A preferred shareholders of record on June 19, 2008.

The Series A Preferred Shares, which trade on the American Stock Exchange under the symbol "GGN Pr A", are rated "Aaa" by Moody's Investors Service and have an annual dividend rate of \$1.65625 per share. The Series A Preferred Shares were issued on October 16, 2007 at \$25.00 per share and pay distributions quarterly. The Series A Preferred Shares will be callable at any time at the liquidation value of \$25.00 per share plus accrued dividends following the expiration of the five year call protection on October 16, 2012.

A portion of the distribution may be treated as long-term capital gain and qualified dividend income for individuals, each subject to the maximum federal income tax rate, which is currently 15% in taxable accounts for individuals. Long-term capital gains, qualified dividend income, and ordinary income, if any, will be allocated on a pro-rata basis to all distributions to preferred shareholders for the year. Based on the accounting records of the Fund as of May 27, 2008, the date of this press release, each of the distributions paid in 2008 would include approximately 100% from net capital gains. The estimated components of each distribution are provided to shareholders of record in a notice accompanying the distribution and are available on our website (www.gabelli.com). The final determination of the sources of all distributions in 2008 will be made after year end and can vary from the quarterly estimates. All shareholders with taxable accounts will receive written notification regarding the components and tax treatment for all 2008 distributions in early 2009 via Form 1099-DIV.
